

STATE RESTS BRADLEY CASE

After Examining Witnesses Who Re-tell of Grim Tragedy

DEFENDANT MORE CONFIDENT

While Her Attorneys are Prepared to Present a Strong Case.

Damaging Testimony Given by Detective Showing That Killing Was Premeditated.

Washington, Nov. 15.—The State rested in its testimony against Mrs. Bradley for killing former Senator Brown at noon today. Damaging evidence was given by Detective Grant to whom Mrs. Bradley made a statement after the shooting.

"She told me she had brought the revolver from Salt Lake City and had thought it over for a long time, and intended to shoot Brown. She said she had not done it on the impulse of the moment."

The defense vainly sought to have the testimony excluded.

Dr. Kelly of Salt Lake City told of meeting Mrs. Bradley in Salt Lake City last summer. "She said if Brown didn't acknowledge his parentage of her younger child, she would kill him," testified Kelly. "I advised her not to do it, but she said 'He will have to do it. If he does not, I will shoot him. I don't want his money; I want him.'"

Other witnesses from the West told of Mrs. Bradley's threats to kill Brown.

Washington, Nov. 15.—With more hopefulness than she has shown since the period of dreaded anticipation began, Mrs. Bradley prepared today for the continuance of the government's testimony regarding the shooting of former Senator Brown.

The development of the case has dispelled her early despair and she takes an active interest in the trial, scanning each witness closely. Judge Powers, Mrs. Bradley's chief counsel, shares her confidence.

"So far," he said today, "we may congratulate ourselves. The testimony has established points in our favor I did not expect, the value of which I shall bring out later."

MRS. BRADLEY WEPT BITTERLY.

Mrs. Anna Bradley's apathy which characterized her demeanor in court was suddenly dispelled Thursday when a jury having been secured in record time, the recital of the details of the shooting was begun.

In an absolutely silent court room Miss Josephine Kidwell, a maid in the Hotel Raleigh, who heard the shots fired, was asked to tell the jury how much time elapsed between the two reports. Taking up a small gavel the witness twice tapped sharply on the desk before her. The result was absolutely startling. Many of the spectators started in their seats. Mrs. Bradley darted a frightened look in the direction from which the sounds came, and then her head fell forward on her breast as the tears rolled down her cheeks. The court officer, who sits beside her during the trial, sought in vain to soothe her, and for the rest of the day the prisoner wept or twitched about in her seat as though eager to fly from the room.

Miss Kidwell told of the two visits of Mrs. Bradley to Senator Brown's room. She said Mrs. Bradley had first come to the room about 9 o'clock in the morning, and, finding the senator out, had taken a seat and remained for a few minutes. About 2:30 o'clock of the same day, while occupied in and adjoining room, Miss Kidwell heard two shots and had distinguished a male voice crying "Help, help!" Upon entering Brown's room she saw Brown lying on the floor and Mrs. Bradley standing near him.

The most important witness was Manager Talty of the hotel where the crime was committed. Mr. Talty said that Brown had told him that Mrs. Bradley had done the shooting

and she had given him trouble all his life. Manager Talty repeated his oft-told story of the killing. He said that he requested Mrs. Bradley to leave the room and she protested, declaring that she was "the mother of Brown's two children."

"Mr. Brown did not deny this charge," the witness said, "and I allowed her to remain." He asked that his law partner be summoned. "Who shall I say did the shooting?" Talty asked, and Brown replied, "Just tell him that Mrs. Bradley did it, and he'll know. She has given me trouble all my life."

WANT EVIDENCE OF BANKERS IN THE WALSH CASE

Chicago, Nov. 15.—Twenty-three bankers are to be called by the government to disprove the defense of John R. Walsh that his acts were justified by custom. Walsh's attorney in his opening statement, declared that the national banking act is so obsolete that every bank in the country must violate its provisions in order to continue prospering. Much speculation has been indulged in as to the extent the office of the comptroller of the currency will be brought into the case. It will be shown, according to the opening statements, that once Comptroller Ridgeley, two years before the Walsh crash, demanded that Walsh change his methods and return his banks to within the lines of the law. Walsh answered curtly: "I have your letter and matters therein have attention."

But even this brief note served to stave off the end for quite a while, it is charged.

A motion for Walsh's dismissal will be made as soon as the government's evidence is finished. Cashiers, auditors, and secretaries of the Walsh enterprises identified the books and stock lists today.

TWO BLOWN THROUGH ROOF BY EXPLOSION

Pittsburg, Nov. 15.—Mrs. Sarah Grossman and Joseph Bergerman were blown through the roof of their home and probably fatally injured by a gas explosion today. A number of other persons received minor injuries in the explosion and fire that followed, including several firemen.

ANOTHER EXPLOSION IN PITTSBURG TODAY

Pittsburg, Nov. 14.—Nine men were injured today by an explosion at the Lucy furnace. The injured are all foreigners. The explosion occurred while the men were at work near the furnace. Hot metal caught most of them before they were able to escape.

EIGHT REPORTED DEAD IN WRECK

(Bulletin.)

Ottawa, Ont., Nov. 15.—Vague dispatches received at the offices of the Canadian Pacific here today state that a number of people variously estimated at from seven to ten, were killed in a wreck near North Bay, early today. A number of people are reported to have been seriously injured, and the body of one man was burned to a crisp in the fire which consumed the wreckage.

FIREMAN KILLED.

Columbus, Nov. 15.—In a wreck at the Pennsylvania tracks and Denison avenue Thursday night, Roscoe A. Kitzmiller, aged 23, of this city, fireman on a switch engine, was killed by being crushed beneath the tender of his engine and a box car. John Sable, aged 45, of 445 North Front street, a brakeman, was hurt. His back was wrenched and his arms and legs bruised.

STREET CAR MEN AGAIN ON STRIKE

Louisville, Ky., Nov. 15.—For the second time in nine months Louisville has a street car strike. Union employees of the company quit at midnight voting down a request for 24 hours more to arrange for arbitration. They charge the company was merely seeking more time to prepare for the strike. Few cars are running this morning and there has been no serious trouble. The cars in use are heavily screened and police.

PRESIDENT IS ABSOLUTE RULER

BETWEEN ELECTIONS SAYS ENGLISHMAN AND SPOONER AGREES WITH HIM.

IN "HEART TO HEART" TALK

After the Festivities at the Banquet of the National Foundrymen's Association.

New York, Nov. 15.—Long after midnight, when the members of the National Foundrymen's Association were making merry after their dinner at the Hotel Astor and the reporters had departed to write the proceedings, there was quite a lively half hour of speechmaking, in which President Roosevelt was severely criticised for his continued advocacy of the centralization of power at Washington by ex-Senator John C. Spooner of Wisconsin.

The speech of the evening had been made by George W. Ross of Toronto, Canada, a member of the Dominion Parliament, who had declared that "England is a republic with an hereditary President, while the United States is a limited monarchy with an elected king," and had proceeded to prove by examples that his assertion was a correct one.

Mr. Ross pointed out that the president of the United States is the absolute ruler between elections. On the other hand, he said that "according to the government arrangement of England and Canada, the rulers, or Governors, can be made to get out by the voice of the people within 24 hours."

At the conclusion of Mr. Ross' speech the ex-Senator arose quietly from his seat, ran his hand through his heavy black hair, and looked around the room after being recognized by the toastmaster. Then he began:

"Be a little free with yourselves. Let's have a little heart-to-heart talk. 'Go as far as you like,' shouted several of the diners."

"Well, to begin with, I think I can agree very largely with our friend, Mr. Ross. There is entirely too much of this centralization of power at Washington. You know where the power is, and you know who the power is. It is not necessary for us to mention names in this little talk of ours."

"Hurrah for Roosevelt!" shouted one enthusiast, while others shouted to Mr. Spooner to "Go on! Go on!" "It is Federal control of this and Federal control of that, all the time making Federal control center around the executive head, that he may have the right to take such initiative as he thinks best."

"I do not believe in the original state's rights proposition; but I do know that there are many things that the states can and should control. And I do know that they should be allowed to continue to control them."

Will Roosevelt be a candidate for President again? the ex-senator was asked.

"God alone knows. He has said he won't be a candidate. He has said he will be a candidate. He is impulsive. He is erratic. And although he is perfectly honest in his desires, the

New York, Nov. 15.—Protesting that the spurious hair dollars which he had been making by the hundreds in a gorge in the Ramapo mountains were more valuable intrinsically than those minted by the government, Herman Henze, of No. 144 West Thirty-third street, was held by United States Commissioner Shields for the Federal grand jury on a charge of counterfeiting.

In a secluded mountain retreat near Ramapo in Rockland county and only a few hundred yards from the man does not live who can say, whether he will run again or not."

As Mr. Spooner resumed his seat he was greeted with a storm of applause.

AMENDMENTS

Of Local Option Bill Agreed to and Confidence Expressed That It Will Pass.

Columbus, Nov. 15.—Senator Rose after a conference with Senator Lamb of Toledo, says a number of amendments to his county local option bill have been agreed upon, and that 20 Senators, one more than a majority are pledged to the bill. Rose says enough members are pledged to the bill to pass it, if it gets through the Senate.

TAFT'S ROOM

IS WANING
SAYS FORAKER

Washington, Nov. 15.—Senator Foraker arrived here early today, but the statement that he was expected to give out concerning Ohio politics and his own presidential ambitions, was not being couched. The senator said he had no engagement to confer with Senator Dick, but would probably see him today or tomorrow. Dick is seen on benches. Men who are confident, for that, despite his reticence, his candidacy for president will be announced by himself or by some one regarded to speak for him before the holidays. Foraker is openly pleased with the result of the elections in Ohio this fall, and believes Taft's room is on the wane in Ohio.

Bellefonte, Nov. 15.—Mrs. Ann Hulizer, a resident of West Liberty, Pa., for the past 50 years Thursday celebrated her 106th birthday with keen mind and splendid memory.

ROCKEFELLER'S PASTOR FAVORS SUNDAY SALOONS

New York, Nov. 15.—Leniency in Sunday closing laws, to allow poor men to get "beer on Sunday" as the rich men get it at clubs, was advocated by the Rev. Willard S. S. Richardson, at the dinner given by John D. Rockefeller Jr.'s Bible class last night. Richardson, known as the "Rockefeller pastor," said it is doubtful whether New England ideas should be forced on the great German element.

MINISTER UNDER ARREST.

Hamilton, Nov. 15.—The Rev. J. H. Hutchinson, formerly pastor of the United Brethren church of Albion, was arrested in Middletown Thursday in company with Mrs. Mary Houghland, who is said to have been a member of his congregation at Albion.

WHITE SLAVE TRAFFIC EXISTING IN CHICAGO

Chicago, Nov. 15.—Miss Rose Johnson, a well-known London mission worker, is on her way to Washington to lay before President Roosevelt proof of the charges that Chicago is the headquarters of a white slave traffic that extends to all corners of the world. She will call particular attention to the hundreds allowed in the Panama Canal zone.

According to Miss Johnson, girls are shipped out of Chicago for Turkey and Egyptian harems, to Vienna, Paris and other continental cities as well as to the other American possessions.

Even a combination of syndicates or even one company with wide connections is involved in the traffic

is the charge of Miss Johnson. She says their nefarious traffic is carried on through advertisements in newspapers offering young women positions in foreign countries.

Women thus gathered are shipped through New York to Paris and thence distributed to customers.

WANT FRANCHISE.

Lima, Nov. 15.—Revived interest is being shown by a coterie of business men, who make application for any franchise which may result in the reorganization of the O. P. League. The withdrawal of Springfield to Fort Wayne precludes any possibility of a new circuit with Indiana towns.

CALEB POWERS SEIZED WITH SUDDEN ILLNESS

Georgetown, Ky., Nov. 15.—When court convened today Caleb Powers entered the court room pale and wan. He was taken suddenly ill in his cell last night and a doctor was hurriedly summoned. It was a recurrence of his old stomach trouble and today he appears sick and weak. Beginning the morning session, Judge Morris said: "Gentlemen, we are now ready to dispose of the matter with reference to the avowal."

EAST VS WEST

IMPORTANT GAMES TO BE DECIDED AT MINNEAPOLIS AND ANN ARBOR.

While the Contest Between Yale and Princeton Will Virtually Settle Championship.

New Haven, Conn., Nov. 15.—All bear stories from the Princeton and Yale football camps have been proved nature fakes and there is every reason today to believe that when the eleven clash here, tomorrow, it will be a case of the best team winning. Yale had snappy practice last night and today the coaches say the men are in fine shape. News from the Connecticut hills where Princeton is training is that every Tiger is fit.

While the betting favor Yale, on form, the teams appear almost evenly matched.

Ann Arbor, Nov. 15.—Little encouragement was taken from the final hard practice of the Wolverines by Coach Yost but just how poorly they played he refuses to state. However, he has declared the varsity team needs every minute of practice they can get and the mass meeting which was to have been held at the field last evening was called off at the last minute. The final line-up is not yet ready to be announced. On the other hand word is received from Mt. Clemens that the Pennsylvania party is a husky bunch of warriors and in the pink of condition.

Winnipeg, Nov. 15.—Coach Williams' Gophers are today resting on their oars in readiness for their hard tussle with the Carlisle Indians. They finished off their hard work yesterday afternoon and all they will do this evening will be to go through some signal drill.

Minnesota has been paying particular attention to the forward pass which has been highly developed since their game with the Maroons. The Indians will be given a dash of their own style of play, but Minnesota will not ignore the line smashing feature also.

JOHN D'S SHARE OVER 2 MILLION

New York, Nov. 15.—The Standard Oil company of New Jersey today declared a dividend of ten dollars a share for the quarter. The same amount was paid this time last year. John D.'s share is about \$2,500,000.

ENDED LIFE WITH BULLET

Domestic Trouble Added to His Financial Difficulties

OVERCAME CHAS. T. BARNEY

Former President of the Knickerbocker Trust Co. of New York

In Constant Fear of Criminal Prosecution Although It Is Said None Was Contemplated.

New York, Nov. 15.—Charles T. Barney, who was deposed from the presidency of the Knickerbocker Trust company 12 hours before it closed its doors, shot himself Thursday morning in a bedroom of his Park avenue mansion. He died of the wound at 2:30 in the afternoon.

He was found by his wife and a woman guest who came into the room as he was sinking to the floor. They gave him aid while his son telephoned for surgical assistance.

The two surgeons who responded, Drs. Blake and Dixon, fought hard to save his life. As a last resort they performed an abdominal operation, but the banker could not rally.

Conflicting statements reached the coroner as to the motive behind Mr. Barney's self-inflicted wound. The attending surgeons declared that Mr. Barney told them before the operation that the shooting was accidental. Another statement was that he had said: "I did it because I could not stand the pressure."

Coroner Harburger finally pronounced it a case of suicide.

Mr. Barney's associates in the Knickerbocker Trust company explained last night the probable motive of the suicide, as follows:

He was in utter despair, fearing financial ruin, a fall from the high social position he had attained and the loss of his friends.

He shuddered over the persistence of a rumor that a warrant was about to be issued for his arrest for criminal banking methods, although no criminal prosecution is under consideration.

A grave domestic trouble was added to his financial difficulties. His wife was contemplating a divorce, and the beautiful woman to whom he had shown marked attention had deserted him in his extremity.

He recently drew a will disposing of a fortune of \$8,000,000, only to see his fortune slip through his fingers until there was scarcely \$1,000,000 left.

His confidential real estate agent, James R. Hay, had deserted his post for reasons as yet unknown unexplained, leaving the estate of Mr. Barney's father and many of the banker's private matters in a tangle.

Late last night Mr. Barney's lawyers, Messrs. Masten and Nichols, issued a formal statement from the Barney residence in which they discussed in detail his financial affairs. It was declared that his financial embarrassment was only temporary; that he had practically arranged with his creditors on a plan that would have left him \$2,500,000. It declared that his total indebtedness to the Knickerbocker Trust company was \$275,000, and that it had been provided for.

JOHNSTOWN NEWS

Johnstown, O., Nov. 15—Quite a serious accident occurred here several days ago when a team of horses belonging to Gordon Miles, that were hitched to a hay wagon, ran away. On turning the corner of Depot street, one of the animals struck against the corner fence post on the lot of Mrs. Louis Pearson and broke one of its legs in two or three places. It was at once chloroformed and put out of its misery. With the exception of slightly broken harness no further damage was done.

Christmas Baskets.

Charming effects can be obtained from old baskets (provided they are sound) by treating them about two weeks in advance of Christmas with two coats of common white paint, supplemented, when thoroughly dry, by a coat of delicate green enamel and tinting the rims and handles a cream ivory white. A bow of white satin ribbon should be fastened securely to the handles, through which is thrust a spray of mistletoe. Equally pleasing results may be obtained by using dark green and white enamel, with a vivid scarlet ribbon and cluster of holly, a festive touch being given to the contents of homemade candy by wrappings of crepe paper printed in holly design. A delicate paper napkin laid neatly over the top and a card bearing the season's greeting and your own personal good wishes complete the hamper.

A Novel Hatpin Holder.

To make a pretty hatpin cushion take an old coffee tin, remove lid and stuff tightly with wool or rags. Then cut out two rounds of pretty colored sateen (lined) for top and bottom of the tin. Place the sateen in position and tack with long stitches down tin from one to the other. After this put a piece of the material neatly round and make pretty muslin or lace cover in a similar way, with the addition of frills to go over top and bottom of sateen. Tie round with ribbon, top and bottom.

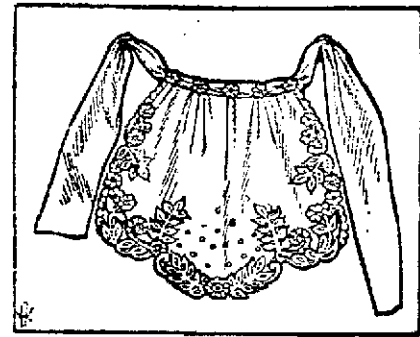

Double Sash Ribbon.

A yard of sash ribbon of handsome quality may be quickly converted into a party or corset bag. Heavy black satin ribbon broadened in white or black flowers in width about two inches makes the nicest kind of a spectacle case, while a wider ribbon in fancy colors will form an oblong fan bag equally acceptable to a younger friend.

Xmas Ideas For Santa Claus Helpers

THE illustration shows a well fitting and prettily shaped apron of lawn with decoration in Brabant braids. The braids are wide and easy to handle and may be worked rapidly. The lawn is pinned into place and basted to braids before removing lace from pattern, after which the lace is hemmed down to lawn. In some places the lawn is cut from the design. The raw edges of lawn may either be turned under and hemmed to the braids on wrong side or just carefully whipped. A few plaits are laid to make a perfect fit at waist line and a band about one inch wide put on. Then five rosettes are made of the wide braids by gathering around a small ring. These rosettes are tacked securely on the band in even spaces and in such manner as to permit the soft, wide messaline ribbon to be drawn through. The illustration hardly does justice to this very pretty belt effect.

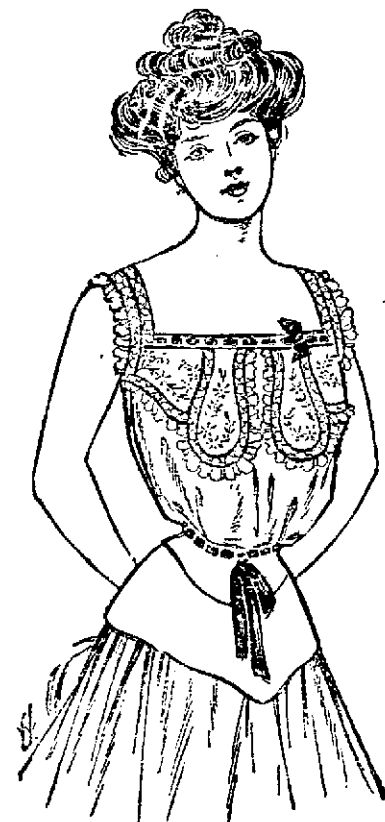

A stocking bag is by no means a new idea, but it is so practical and useful that it always makes an acceptable

APRON IN BRABANT LACE.

gift. A pretty one may be made with a yard of blue silesia or any pretty material, two yards of ribbon an inch wide, a small piece of white flannel, some stiff pasteboard and a spool of silk. Of the pasteboard cut four circular pieces, each one measuring seven inches across. Cover these four pieces smoothly with the cloth and overhand the edges of two together with silk, the remaining two to be done in the same way for the opposite side. The puff should be a straight piece measuring sixty inches long and twelve inches wide. This is to be gathered each side to fit round the edge of the circular pieces, leaving a space at the top of the circle three inches for the opening, thus forming the bag. Make for the outside of one of the circles a piece of the same size and shape and embroider or applique some little design upon it.

Then cut from the flannel several leaves the same shape, but smaller, buttonhole stitch or pink the edges and fasten them to the top of the circle on the bag, as the leaves in any needlebook are fastened, then sew the embroidered cover outside of this at the top. Where it is fastened place a bow of ribbon. This is for holding the darning needles. On the circle for the opposite side a piece of cloth is gathered top and bottom, to cover a little more than half the circle, for a pocket. In the casing at the top

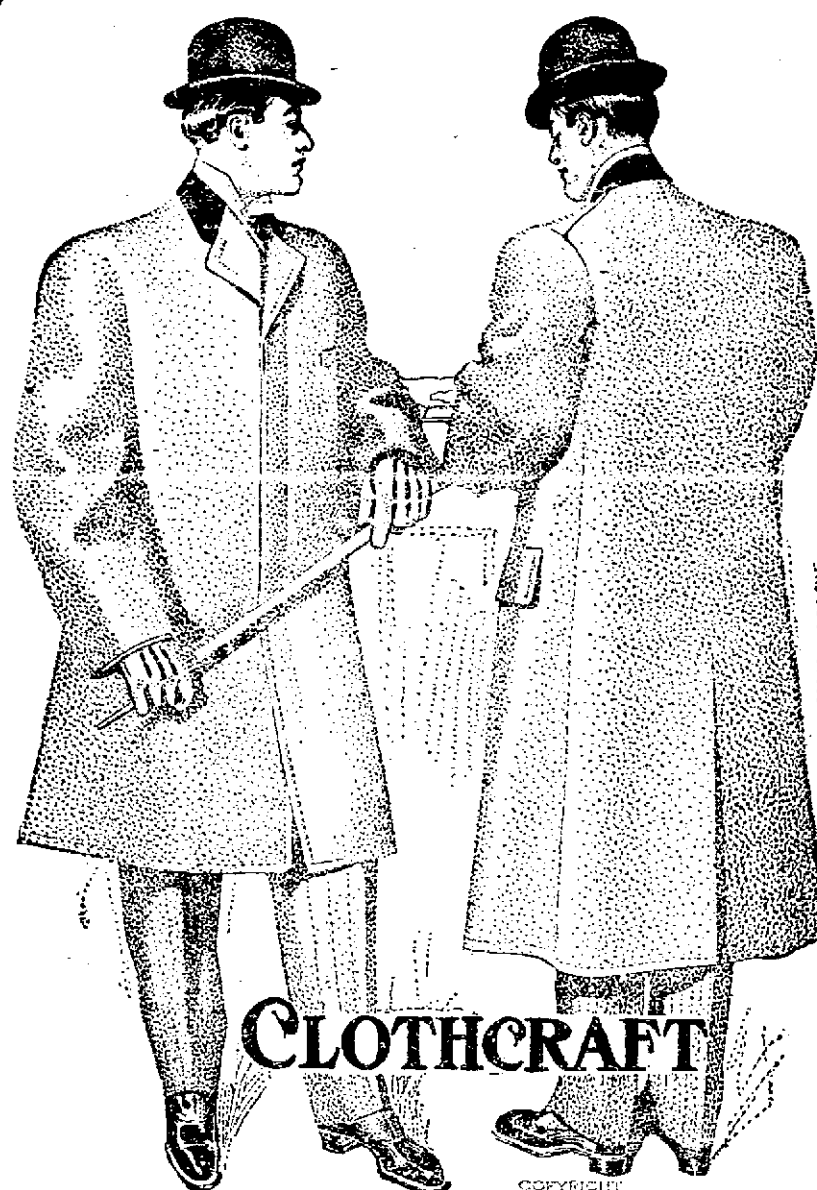

DAINTY CORSET COVER.

run an elastic, and in the pocket is kept the yarn for darning. The ribbon is used to draw the puff together at the top, and the interior is the receptacle for the stockings.

The corset cover shown in the illustration may be made to slip on over the head or it may open down the center front. The embroidered pieces are made separately from the cover and are fastened at the top only so that the cover may be as full as one chooses. The embroidered pieces are edged with valence-embroidery and edge. Featherstitching may be used to fasten the insertion in place, and French knots may also be added if desired.

A Pretty Tie Hanger.

A three branch towel rack, the sort that screws to the side of a door or shelf, makes an extremely nice tie hanger for a man. The rack may be of the cheapest wood, as its branches are wrapped with cotton batting sprinkled with sachet powder. When this is done ribbon is wound round and round perfectly smooth, the ends being tucked at the binged ends.

A Toothbrush Case.

A toothbrush case is indispensable for traveling, as doing away with the damp paper which generally enwraps the brush at the end of a journey, and is a Christmas gift that will be appreciated. To make a toothbrush case you will require half a yard of the waterproof material used for sponge bags.

Cut this the shape shown in the design, the measurements being eight and a half inches long and two inches across. The two halves are joined together, and the edges are hidden by a neat tape or ribbon binding, which also finishes off the top when a drawstring of thin colored cord runs through it. The little case slips into the sponge bag and effectually prevents the toothbrush getting in contact with the damp sponge.

In Hungary traveling is as cheap as three miles for a cent. Railway engines which were built in England over 50 years ago are still in use on the Swedish lines.

STOMACH IS SEAT OF HUMAN LIFE

New Theory Advanced by Young Man Is Spreading Over Entire Country.

L. T. Cooper's theory concerning the human stomach, which he claims to prove with his new medicine, is being given more respect and comment every day. Cooper claims that 90 per cent. of all ill health is due to stomach trouble. When interviewed about his theory recently, he said: "Stomach trouble is the great curse of the 20th century so far as the civilized races are concerned. Practically all of the chronic ill health of this generation is caused by abnormal stomachic conditions. In earlier days, when the human race was closer to nature, and men and women worked all day out of doors, digesting their frugal existence from the soil, the tired, droopy, half-sick people that are now so common, did not exist. "To be sure, there was sickness in those days, but it was of a virulent character, and only temporary. There was none of this half-sick condition all the time with which so many are afflicted nowadays. "I know positively that every bit of this chronic ill health is caused by stomach trouble. The human stomach in civilized people today is degenerate. It lacks tone and strength. This weakness has gradually come through a sedentary existence. I further know that few people can be sick with the digestive apparatus in perfect shape. The sole reason for my success is be-

cause my New Discovery medicine tones the stomach up to required strength in about six weeks' time. That is why I have had more people come and thank me wherever I have gone to introduce my medicine, than I have had time to talk with. "Among the immense numbers of people who are now strong believers in Cooper's theory and medicine is Mrs. M. E. Delano, a prominent resident of the suburb of Brookline, Boston, Mass. She says: "For several years I was broken in health, caused primarily by stomach and nerve troubles. I gradually became worse, until recently I was compelled to go without solid food for days at a time. I had sour stomach, palpitation of the nerves of stomach and heart, dyspepsia, and extreme nervousness. I suffered terribly with insomnia, and my liver, bowels and whole system gradually became deranged. I felt instant relief the first day I began this Cooper medicine. I now feel like a new being. Today I walked all over town, shopping—something I have not done for years. "I make this statement wholly from a sense of duty. I feel I owe it to anyone who might find relief and renewed happiness as I have done. "The record made by the Cooper medicine is astonishing. We will take pleasure in discussing it with anyone who wishes to know about them. City Drug Store.

Ice on Canal.
Ice formed over the canal Friday morning. It was hardly thick enough to bear the weight of the small lad and consequently he will have to wait a little longer before he can don his winter skates.
Goes to Portland.
Mr. Will Rutherford, a well known young man of this city, who has been in the employment of the B. & O., has resigned his position and will leave Saturday for Portland, Oregon, where he will make his future home.
Elks' Outing.
Quite a number of Newark Elks went down to Bruno Wednesday afternoon and were the guests of Jacob Shrader for a few hours. In the evening they enjoyed a delicious fish and chicken supper, prepared especially for them by Mr. Shrader.
All You Have Guessed

Brilliant Young Soprano.
K. M. Lacey spent Thursday here in the interest of Millicent Brennan, the brilliant young soprano who is making such a stupendous success this season in concert and organ-work. Miss Brennan was one of the leading sopranos of the Savage grand opera company last season.
Baby Badly Scalded.
D. W. Doty, a barber employed in the Doty House barber shop, will leave Saturday night for Upper San-dusky, to be at the bedside of his little boy, an infant two years old, who was terribly scalded a few days ago by falling into a bucket of boiling water. The condition of the child is extremely serious.
Improvements at the Seiler.
Mr. A. H. Seiler, proprietor of the Seiler Hotel, let the contract for the renovating and redecorating of the hotel to Mr. Cliff Rosebrough, the well known decorator. The entire hotel will be put in sanitary condition and the office, sample room, bar and dining-room will be redecorated. The bathhouse is also being remodeled and redecorated.
Hies From Excitement.
Excitement at Newark yesterday killed a valuable cow which was being shipped from a small town near Columbus to Deshler. The cow had been sold to a farmer living near Deshler. During the transfer to B. & O. train 17 at Newark the animal became terribly excited and the train crew were hardly able to put her in the baggage car. The crate had no sooner been placed in the car than the animal fell over dead.
Struck by Interurban.
John Mitchell, a B. & O. engineer living at 405 Tuscarawas street, was struck by an interurban baggage car at the corner of First and East Main streets about 11 o'clock this morning. He had alighted from one of the local cars and stepped directly upon the other track and in front of the bag-

gage car going towards Zanesville. He was thrown heavily to the paved street, but fortunately to one side of the rapidly moving car. Bystanders assisted him into the office of Dr. D. M. Smith where an examination was made. Though he is painfully bruised no bones were broken in his miraculous escape.
A Son Born.
Mr. D. G. Wyeth received a telegram stating that a baby boy had arrived Wednesday morning in the home of his daughter, Mrs. C. W. Hutchison of Fort Worth, Tex.
Goes After Prisoner.
Chief of Police Sheridan went to Marietta this morning to bring young Ball, the lad that "went south" with \$13 of his father's money. He was arrested in that city Thursday by police who had been notified he was wanted here.
Liquor Case Again Postponed.
The Henry Krupp liquor case that was to have been tried before Mayor McCleery today, has again been postponed. This time it will be called next Tuesday at 1 o'clock. Krupp is charged with a violation of the Sunday closing law.
Majority Are Democrats
Eighty-eight mayors were elected in the various county seats of the state at the late election, and of that number, 51 were Democrats, 23 Republicans and four Independents. The Democrats seem to have had far the best of it.
Collection of Butterflies.
Six big frames of butterflies are shown in Kuster's windows, the little insects, arranged in many different patterns, making a very beautiful display. The frames are the work of William Zipperer of 25 Canal street, who is an enthusiastic hunter of the insects. The six frames show the result of his work since 1882.
Interesting Relic.
During the recent visit of Mr. R. C. Bigbee and son, Cecil, through the South, Mr. Bigbee, while in New Orleans, was presented with a piece of wood taken from the original block on which slaves were sold in the slave market of New Orleans. An old colored man also presented him with a grape shot that was fired by the British in the battle of New Orleans in 1815, and which was found on the battlefield.
"Drowned" Man Found.
Because Thomas McCormick left his boarding place Thursday noon and nothing had been heard from him, the rumor was started that he had met his death in the canal. His landlady telephoned the Advocate to verify the rumor, but as nothing had been heard of any drowning, she was informed that the rumor was false. McCormick was drowned—drowned in a big quantity of booze that he had taken on board, and he was arrested in the afternoon by Wagonman Brown of the patrol station. He was given the usual fine in police court this morning.
Inspection Train Here.
The B. & O. inspection train of officials who are inspecting the bridges and buildings over this road, was in Newark for a short time Thursday evening. Later the train left for San-

Antonio.

R. R. Dumm, who has been employed in Newark the past summer, has left for his home at Wharton, where he expects to spend the winter.
S. E. Lawrence returned to his home at Toledo Thursday evening after a pleasant visit of several days with his cousin, Charles Douce. Mr. Lawrence was also an old friend and college classmate of B. M. East, the East Main street druggist.

SCOURGED WITH SCROFULA
A REVOLTING CONDITION CURED
BY A WONDERFUL REMEDY.
Can any better evidence be produced of a marvelous curative agent than the plain, straightforward letter from one who took the PALMER SUCCESS SKIN AND BLOOD TREATMENT on faith and has retained the faith after a permanent cure has been effected?
There is nothing miraculous about this achievement—nothing but the result of progressive science. It is accomplished every day by the PALMER SYSTEM OF SKIN AND BLOOD TREATMENT.
To those doubters who still need to be convinced, the following authentic testimony is given:
"I wish to raise my voice with the great chorus in praise of the PALMER SUCCESS SKIN AND BLOOD TREATMENT. For 25 years I was scourged with Scrofula, and all remedies tried proved failures until your infallible remedy was brought to my notice. My case was a stubborn one and it required radical treatment. After becoming acquainted with the description of your treatment, I soon learned that it contained a business proposition, even from the first application. You may be assured its merit was not exaggerated. I took a course of treatment and it worked with me. I left my check for a bottle of the treatment and the result was a permanent cure. I am now a healthy man and I can do my work with ease. I am now a healthy man and I can do my work with ease. I am now a healthy man and I can do my work with ease."
The PALMER SYSTEM OF TREATMENT is a safe, certain, pleasant and the most rapid cure for all skin diseases. It is the most progressive scientific method of curing all skin diseases. It is the most progressive scientific method of curing all skin diseases. It is the most progressive scientific method of curing all skin diseases.

Nov. 15 In History.
1630—Johann Kepler, the
astronomer, died; born
1571.
1730—Baron Steuben born
in Magdeburg, Prussia;
died 1794.
1738—Sir William Herschel,
the astronomer and
scientist, born; died
1822. The great astron-
omer pursued the study
of science under the greatest difficul-
ties. While an organist at Bath he
constructed his first reflecting tele-
scope, and also while there manufac-
tured instruments superior to all that
had preceded him in point of mag-
nifying and illuminating power. He be-
gan studying the stars with a tele-
scope magnifying 27 times. His most
celebrated instrument was the 40 foot
reflecting telescope, the metal specu-
lum of which was 4 feet in diameter,
3 1/2 inches thick and over 2,000 pounds
in weight.
1837—Mme. Verdi, for 50 years the consort
of the famous composer, died at Rome.
1901—Dr. Albert Leary Gihon, commodore
U. S. N., retired, formerly medical di-
rector of the navy and a writer of
medical works, died in New York city;
born 1832.
1904—Prince Fushimi of Japan greeted
President Roosevelt in the name of
the mikado.

It is reported from Washington
that at an early day a White House
conference will be held with railroad
presidents and other "malefactors of
great wealth." In view of the possi-
bilities of a third term campaign it
may be advisable to conciliate the
malefactors long before the day of
election.

A congressman who tried to get
the President to repeat his statement
that he would not again run for the
presidency only extracted from Mr.
Roosevelt the remark: "I have heard
some rumors, but nothing definite."
Rumors of what? Rumors that the
Republican party is going to take
him at his word, or that it will refuse
to do so?

DAY'S BUSINESS
IN COURT HOUSE

Griswold vs. Griswold.
Mrs. Lulu M. Griswold has com-
menced suit in the Probate court for
divorce from her husband, Wallace
N. Griswold. She says that she was
married to Griswold on April 19,
1904, and that no children were born
of the marriage. For cause of action
she charges him with gross neglect
of duty in failing to provide for her.
She also asks that she be restored to
her maiden name of Lulu M. Lutz.
F. A. Bolton, attorney.

Amended Answer.

In the case of Burr D. Jackson vs.
Peter Myers, the defendant has filed
an amended answer. The suit is
brought to establish a certain line
fence. The defendant says that there
was an agreement between him and
the plaintiff regarding the fence that
the line should be established on the
line upon which he started to build
the fence, and he asks the court to
find that such is the line, and that it
be established there, and that both
the parties be enjoined from inter-
fering with it as established. Robbins
Hunter, attorney.

Filed a Motion.

In the case of William M. Shamp
vs. Chauncey H. Traxler, the defend-
ant has filed a motion to the amend-
ed petition in which he asks the
court to strike from the amended
petition of the plaintiff certain words
and phrases for the reason that they
are incompetent, irrelevant and im-
material. Kibler & Montgomery, at-
torneys.

Certificate of Partnership.

A certificate of partnership has
been filed with the clerk of the court
certifying that Wm. A. Ashbrook,
Fred J. Neely and Howard L. John-
son, all residents of Johnstown, have
formed a partnership and are doing
business there in the name of the
Johnstown Independent, and that the
above mentioned persons are all
members of the firm.

DECLINING PRICES

OF COMMODITIES.

During the past three or four weeks
there has been a very perceptible de-
crease in the price of commodities
which is more or less of a general na-
ture. During this time wheat has
dropped from \$1 to 99 cents a bushel
and there has been a decrease of
about 45 cents per barrel on flour.
Corn is selling for 50 cents per bushel
and other feeds of this nature are
just about holding their own. The
prevailing prices of market produce
have been more reasonable than at
any time for several months past.
Butter, eggs and poultry prices are
still hovering around the 100 mark,
but a decline is expected at any time.
Eggs sold at 30, butter at 25 and 30.
While chickens brought 17 cents a
pound.

NO TIGHTNESS
OF MONEY FELT
HERE IN NEWARK

The financial situation is becoming
brighter every day. Ten million dol-
lars in gold bullion has been received
at the United States mint in Philadel-
phia from England and is being made
into eagles for American circulation.
Various banks over the country have
engaged gold for import until the to-
tal has reached nearly \$75,000,000. The
Morgan interests are arranging with
France for the importation of \$20,
000,000 in gold and it is stated that
no profit whatever will result to the
importers but that it is undertaken
solely as a public-spirited measure of
relief of the existing currency situa-
tion.

No stringency of the money market
has been nor will likely be felt in
Newark. The banks here have been
overflowing with money and today the
B. and O. employees are being paid as
usual. Wednesday the Pennsylvania
employees were all paid in cash and
last Saturday the largest pay roll in
the history of the Wehrle plant was
promptly met and paid. Tomorrow
the Everett people will all be paid
in cash, in fact all the pay rolls of the
different industries in the city are be-
ing promptly met.

Surely this is a record of which our
city may well feel proud. While there
has been to a certain extent a money
stringency in the East and in several
of the big Western cities the situation
is brightening considerably and the
tendency is towards relaxation. Lo-
cally it has not been felt in the least
and deposits keep pouring into our
various financial institutions with the
result that there is plenty of currency
on hand at all times to meet all
demands that may be made upon them.

The Regal Shoe

Although we have reproduced custom models in Regals for
fourteen years, we have never shown a style that suited more
people and fitted more satisfactorily than the Earl. As shown by
the photograph, this shoe has clean-cut lines, full rounding toe,
ample treading surface and a slight swing which is accentuated
by the extension sole. To give the maximum of wear and com-
fort with the fine appearance expected by Regal wearers, we
know of no leather equal to Black King Calf. Accordingly, we
cut the vamp and top of
the Earl from this famous
stock. The outsoles, in-
ner soles, counters, heels
and toe-boxes are of Oak-
Bark-Tanned leather, in-
suring extra wearing qual-
ities.

PRE-HOLIDAY SALE

OUR USUAL "AFTER-HOLIDAY-SALE" must be preceded by a tremendous "PRE-HOLIDAY SALE,"
to make room for toys and Christmas trade. Large buying and crowded quarters compel this present
sale, and puts a large quantity of winter goods before you at the beginning, instead of the
closing of the season. We need the room; you need the goods.

Sale Begins Monday Morning, at 7:30

Having bought largely in the SKIRTS and CLOAK DEPARTMENT you
can get low prices on VOILE, PANAMA and MIXED CLOTH. A nice,
arrangement of mixed cloth, worth \$3 to \$4.50, will go at \$1.98. Brown,
black and neat grays are leaders in this sale at a saving of 50c to \$2.50
on our usually low prices, which means much more when compared with
other prices. LONG COATS and JACKETS are overstocked, and liberal
reduction will prevail in this Pre-Holiday Sale. Buy Skirts, Furs and
Coats now at after-Christmas prices.

MAIL ORDER JOURNALS.

Postal Department Puts the Screws on
Two at "Nominal" Rate.

Postmaster General Cortelyou on the
last day of his service in that position
issued an order withdrawing second
class mail privileges from two mail or-
der publications of very wide circula-
tion. These two monthlies, published
from a western city, had a combined
circulation of more than 2,000,000. They
circulated at 10 cents a year, which
rate Mr. Cortelyou held to be merely
"nominal." The postmaster general
also held that the publications were
primarily advertising sheets.

It is understood that the postoffice
department is after several other pub-
lications with merely nominal subscrip-
tion rates, and more will be heard very
probably about this matter. Meanwhile
the publisher of the two excluded peri-
odicals is threatening dire vengeance
against Mr. Cortelyou and other offi-
cials who, according to this publisher,
"robbed the people of their favorite
papers."

This incident is mentioned here just
to call attention to the recent remark-
able growth of the so called "mail or-
der" papers. Of late years a surpris-
ing number of cheap, flimsy, ill edited
sheets have been sent broadcast, reach-
ing every village, crossroads and rural
delivery farmhouse in the country.

The chief object of such publications,
of course, is to carry advertisements
from the mail order houses and not to
disseminate interesting reading mat-
ter. The fact that the publications do
print some reading matter and are os-
tensibly newspapers or magazines gives
them access to the mails at second
class rates, and in order to attain the
largest circulation possible they place
their subscription rates just as low as
they dare.

The few pennies charged for such
publications are paid cheerfully by al-
most anybody to whom the offer is
presented. As a consequence the ad-
vertisements of the big mail order
houses in Chicago and other large
cities, Chicago being practically the na-
tional capital of such houses, are read
by millions of people. These advertise-
ments penetrate to the remotest by-
ways of the land. The townsman who
takes his local weekly paper also takes
one or more of these monthly ten cent-
ers. Usually the mail order periodical
is published under a title having a spe-
cial appeal to women. It is the wom-
en, as a rule, who have an eye to bar-
gains. They read what they deem a
bargain offer, mail their money for it
and now and then get in return an ar-
ticle which pleases them. The local
storekeepers in all probability keep the
same grade of article or something just
as good at about the same figure.

But, whether the mail order buyer
gets a bargain or a disappointment, he
or she is sending money out of the
community which never comes back.
The dollar mailed from Millville, Mo.,
to Chicago is a gone gossling. It never
comes back to circulate around Mill-
ville and make glad the hearts of the
people. One dollar gone astray and
lost in the vortex of the great city
won't hurt Millville much, but when a
hundred or more of Millville's citizens
and the farmers who live around Mill-
ville send many dollars each in the
course of the year to get lost in the
shuffle afar off Millville is going to be
hurt so that the town will feel it.
Thousands of rural communities in the
United States have been badly hurt in
late years by this sapping of cash
through mail orders.

To hold your home trade or to build
it up, in the opinion of one who has
studied the situation, the most impor-
tant thing to do now is to compete with
the mail order journals. It is obvious
that in order to do so you must meet
advertisement with advertisement. Lo-
cal merchants who carry well assorted
stocks and find many kinds of goods
lying on the shelves till they get shelf
worn, while those who should be their
patrons are mailing money away for
the same kinds of goods, might profit
by letting the people know just exactly
what they have in stock and what the
prices are. As a rule, the family that
takes a mail order journal also takes
the local newspaper. Your local news-
paper is your best weapon of defense
in this direction.

The Influence of Trees.

A writer in the Minnesota Horticul-
turalist says: "There are but few people
in the world who do not admire noble
trees on streets or country roads, and
wherever they are found such thor-
oughfares are the favorite drives. The
man who plants trees is not only a
public benefactor; he, besides, minis-
ters to his own well being, physical,
mental and spiritual. He deserves
credit for altruistic work, and he dis-
plays good judgment in securing con-
tentment for himself, thereby afford-
ing a double motive for his endeavors.
Honor and happiness will be his re-
ward."

Richman—And you intend yours to
be a cemetery of homeless graves?
Cemetery Promoter—Precisely so, sir.
The graveyard has long been the peon-
ies resort of countless people, and our
idea is to create a combined cemetery
and golf links.—New York Life.

S.S.S. CURES A SAFE HOME TREATMENT

In S. S. S. nature has provided a certain, safe, home cure for Contagious Blood Poison. It is a medicine made entirely of roots and herbs of recognized blood-purifying value, and is the one medicine which is able to get down to the root of the trouble and remove every particle of the virus, and at the same time benefit and build up the system and general health. No harmful effects ever follow its use, as is so often the case when strong mineral medicines are used. As soon as the system gets under the influence of S. S. S. the disease begins to improve, and when the remedy has thoroughly purified the blood and driven out every trace of the poison, no signs of the trouble are ever seen again. The general manifestations of Contagious Blood Poison such as falling hair, copper-colored spots, ulcerated mouth and throat, sores and ulcers, etc., are merely symptoms of the poisoned condition of the blood, and in most cases respond quickly to local treatment, while S. S. S. is doing the necessary work of cleansing the blood. Our "Home Treatment" book is of great assistance along this line. It is a complete guide for treating the trouble, containing instructions for the different stages of the disease, and also valuable suggestions about the local treatment, that will be most helpful in effecting a cure. We will be glad to send a copy of this book, free of charge, to any who desire it, and if special medical advice is wanted our physicians will take pleasure in supplying it without cost to the patient. If you are suffering with Contagious Blood Poison you can cure yourself in the privacy of your own home by the use of S. S. S., an absolutely safe remedy.

THE FARM LAD

(Written for the Advocate by the Rev. J. N. Scholes, pastor of Central Church of Christ of Newark.)

There's a jolly lot of sport, sir, a stickin' round a farm,
For a lad who has the pluck to hunt it up.

There's a rosy bit of health sir, in a four o'clock alarm,
You'll not find, my friend, in any social cup.

I've been up and down a bit sir, and I've seen some worthy sights,
And I've heard the sweetest singers sing their songs.

But old chancieeler's the fellow sir, that beats 'em dead to rights,
From the perch where he his bugle note perches.

Have you heard him sound the time sir, do his famous one, two three,
With the muffled wings against his feathered breast?

Have you heard his clarion voice sir, as he lifts it full and free,
Warning all the other world 'tis time to break their rest?

Ah, the rooster—he's the f'ow, and his song is always right,
But like most musicians he's a vol-unteer—

Apt to come before his audience at any time o' night,
With a song that no true farm lad loves to hear.

'Twas a little tryin' may be—when upon a frosty morn,
And the cattle restin' half a mile away,

Turned to every kind entreaty a look all cow-forlorn,
And lazily determined there to stay;

But the trip across the meadow only touchin' here and there
Makin' hasty tracks so few and far between,

Skippin' here and there a thistle with a tender bit o' care,
Where the ruddy bare feet brushed the frosty green.

And when near the restin' kine sir unaware of mischief pent,
Changin' lazily their cuds for further meat,

Suddenly, with Indian war-hoop, the mornin' air is rent,
Bringin' every stubborn critter to its feet;

Then, with lowered heads, eyes rollin', nostrils hissin' out hot air,
Stand they dazed a moment—dumbly askin' why?

But a second savage scream sir, such as starts the very hair,
Sends 'em racin' barnward tails and heads on high.

Round rumped Buck and Brown and Berry and the nameless two-year-old,
And the fightin' stag with shaggy coat of gray

Rough ribbed Bess and Spot and Cherry with scraggy horns that told,
That a dozen summers suns had rolled away.

Fleet limbed calves as sleek as mole-skin, with frightened eyes aglow,
Stretched away like hunted deer with bounds in chase,

Milch-kine Star and Boss and Jersey with sacks a swingin' low,
Follow hard behind the others in the race.

Swift as arrow from the bowstring markin' straight a line o' green,
O'er the meadow's broad expanse of frosty white,

Crowdin' o'er the narrow slueway, side by side the fat and lean,
Four abreast they thunder on, O, what a sight!

Pet bell-cows with bells a ringin' breachy steers with polks a swingin',
Slackin' not but forgin' on at furious rate,

Up the steep hillside a wingin', gravel from their split hoofs flingin',
Stoppin' not till safe within the barn-yard gate.

The farm lad now emerges where the savage disappears,
Warns his feet where laid all night the sturdy steer,

Clothed with shirt and hat and trousers and a mystery of years,
All surmounted with a wealth of hearty cheer;

Laughs he hard at those dumb critters till his very sides do shake,
And his shadow in the mornin' sunlight cast,

Writhes in magnified contortions till his very bones 'ud break,
But for the sun tanned skin that held 'em fast.

There's a picture for your life sir, that farm lad standin' there,
With the bloom of sixteen summers on his face,

And the silver sunlight dancin' o'er his shock o' golden hair,
As he flings aloft his hat with perfect grace,

Nature's castin' in her mould sir, and preparin' for an hour,
For a crisis in some city far away,

When this nugget of a man sir, shall have grown in might and power,
And his flaxen poll is silvered o'er with gray.

Time will take that ruddy hand sir,

and place it on the wheel,
Of some ship o' state that's driftin' on the sea,
And her smile will rest upon him as with an arm of steel.

He rights the craft and shapes her destiny;
Then to him the racin' cattle and the crowlin' chancieeler,

The barefoot boy and meadow coated gray,
In the early mornin' sunlight of memory will appear

Like the dreamland dawn of manhood's happy day.

Denim Shoe Bags.

Denim shoe bags are most useful, and to make them a yard and a quarter of material will be needed. Tear the thirty-six inch wide denim into twelve inch strips and cut each of the three strips into three pieces crosswise; double each piece over and sew the seams on the right side, trim them off closely, turn the bag and sew them on the wrong side so as to make a neat fold. When folding the material for the bag allow one side to be three inches longer than the other. This will serve as a flap. The flap should be neatly hemmed by hand and button over the opposite side of the bag with a button and buttonhole.

File Cases.

One of the paper file cases that may be had at any store where commercial stationery is sold can be quickly converted into a thing of beauty that will appeal to any one man or woman, who likes to keep memoranda or clippings in a tabulated form. The cover may be a strip of any pretty, suitable material from cretonne to tapestry.

Conclusive Proof.

"How do you know he hasn't any sense of humor?"
"Because he hasn't any sense of any kind."—Des Moines Register.

THE PRESIDENT IN NEWARK, O.

The Sick Receiving Medical Service Free.

DR. BANCROFT,
President of the English Staff of Physicians and Surgeons, Composed of German, English and American Doctors. Permanently Located

AT THE DOTY HOTEL
AND WILL RENDER SERVICES TO THE SICK

FREE

UNTIL THE EVENING OF NOV. 27.

You need not bring money as consultation and advice is free, the rich and poor alike treated. All who call upon the doctors before the above date will receive consultation, examination, advice and surgical operation free of charge. All that is asked in return is that every person will state to their friends the result obtained by their new system.

ALL DISEASES OF MEN AND WOMEN TREATED.

Deafness cured by an entire new system. No matter what your disease may be or of how long standing. The doctors will locate your disease without asking you any questions. These doctors are said to be the greatest stomach, liver and kidney specialists in America. The sick and afflicted should take advantage of the opportunity here offered. They may never again have the privilege of consulting such skilled physicians so near their homes. Go and have it forever settled in your mind. If your case is curable they will tell you so frankly, if incurable they will give you such advice as to prolong your life. No sick man or woman should fail to consult these eminent men. It is the greatest opportunity of the sick person's life.

Every kind of human ill falls at the touch of these marvelous men, so great and wonderful have been the cures that in many cases it is hard, indeed, to find the dividing line between human accomplishment and miracle. It matters not what the ill may be; it matters not what discouraging reports may have been made from any direction; it matters not if you have been told that grim death stares you in the face. Go and consult these doctors, and if there is the faintest thread upon which to hang a hope you will find that hope there, and that hope will surely lead you to peace, contentment and health.

No time given to drones or gossipers. Be it distinctly understood that we are not Christian Scientists, Magnetic Healers or Faith Healers but treat diseases on scientific principles.

THESE DOCTORS are skilled specialists in every ill that flesh is heir to and will be found ready and willing to extend the hand of help, bringing back health and happiness where now exists sickness and sorrow. A special invitation to anyone suffering from disease pronounced incurable. It matters not what your disease may be, come and be examined; if curable they will treat you; if incurable advise you. These doctors treat every variety of disease and deformity. They have had vast experience in London, Paris, Heidelberg and Stockholm.

TAX DISCUSSIONS

Farmers Have a Parliament On Ohio's Tax Laws.

The farmers of the state are convinced that Ohio's taxation system is wrong. At the last meeting of the State Tax Commission, the agriculturists appeared before that body to urge reforms. After the prepared addresses were delivered and which have been published in these columns, those present entered into animated discussion of the subject.

"I have listened all the afternoon," said C. M. Freeman, Tippecanoe City, Secretary National Grange, and have not changed my mind a bit. I do not believe we are a state of perjurers. I believe we are honest and that our government is not a failure. I would never put my hand to a document that says, 'We have found a state of perjury and are going to legalize it.'"

Dr. W. L. Chamberlain, editor of the Ohio Farmer, replied, "We have failed for 56 years to tax intangible property. It seems to me that we farmers could agree after this long trial that the plan we thought would work, but never has worked and never will work as long as you try to tax money at 100 per cent, and other property at 30 to 40 per cent of its true value. We have fought it out on this line for 56 winters and 56 summers, and we want a change. We want a wise commission that will adjust the details of taxation, and shall tax all tangible property once and prevent double taxation. I don't say our government is a failure, but wouldn't it be well to change our base and take a new line of attack?"

"Facts stop arguments," said Mr. T. A. Derthick, of Mantua, Master of Ohio State Grange. "The entire county of Cuyahoga returned in 1905 \$62,000,000, while in the banks of Cleveland alone there was deposited about \$300,000,000. Mr. Bradfute called attention to the fact that Preble county paid on a larger personal duplicate than Cuyahoga or Hamilton."

Mr. C. P. Dyer, Marietta: "Energy and determination are good things, but if we amend the constitution and do not attempt to assess notes, mortgages or any stock we would have ample opportunity for all enthusiasm and energy to get a fair valuation on the tangible property of the state."

"Do you think it wise to legislate into the constitution limitations to the classification of various kinds of property," asked Attorney General Ellis of Dr. Chamberlain.

Dr. Chamberlain: "I do not think we can legislate any more wisely for the people 20 or 50 years hence than our fathers did for us. Generally speaking, I do not believe it wise to legislate into the constitution."

H. P. Miller, Sunbury: Three bases of taxation have been in operation. First, the theory that government exists for the protection of property, therefore the general property tax, against which all are protesting today and confessing its inefficiency after an experience of 56 years.

Second, that the government exists for the individual, hence the poll tax, and the propositions for income and inheritance taxes, with all their costly machinery for collection of funds.

Third, natural wealth, the coal, iron, oil, gas in the earth, timber on the land, the possibilities of the crops in the earth. By going directly to the natural sources of wealth the cumbersome machinery of collection is done away with. All here this afternoon have tried how to get more things on the duplicate. I would exactly reverse that and reduce the subjects and take those which are the natural sources of all our wealth. I would favor a non-partisan tax commission whose business it is to know the expenses for the state. They know the amount of property by a frequent appraisal and could establish a rate to meet the needs. Remove the obstacles to scientific system of taxation, reduce the cost of administering, not try to get intangibles for they will lie about them. Get the natural sources of all our wealth.

I would favor a more frequent appraisal. My farm lying near the town is more valuable than if five miles away. An electric road would increase its value. This tract north of the statehouse was gotten by a man by chance. The capital and the city were built, not through his work, but chance. Society has increased the value of his land; he has no moral right to all this unearned increment. It belongs to those who made it valuable, society. Let him return to society something of the value it has made in the shape of taxes.

The definition of "personal property" in the tax law of Kansas included, until this year, the words, "all bonds." As reenacted at the recent session, those words are omitted, and while there is no specific mention in the list of exemptions of state and local bonds, they are exempted from taxation under section 15 of the act concerning assessment and taxation (ch. 408, laws of 1907). This section reads as follows:

"No person shall be required to list for taxation any state, county, city, school-district and municipal bonds of the state of Kansas, or other evidences of indebtedness of municipal corporation of this state."

KANSAS EXEMPTS STATE AND LOCAL BONDS FROM TAXATION.

Too Risky

Ask your doctor if he does not think it would be wise for you to keep a bottle of Ayer's Cherry Pectoral in the house.

"A hard cough, pain through the chest, difficult breathing." If this should be your experience, send for your doctor. It may be pneumonia! To doctor yourself would be too risky. If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. J. C. Ayer & Co., Lowell, Mass.

SLAUGHTER

OF GAME IS ON FRIDAY AND THE NEWARK NIMRODS ARE BUSY.

It Seems That There Will be a Hunter for Every Bird, for the Next Few Days.

The slaughter is now on and an army of men with shot guns and dogs was turned loose on the defenseless quail on Friday in Licking county, when the law grants permission to hunt the birds as well as rabbits. It seemed as though every man in the city that could get hold of a gun and a dog was out and the platform of the Baltimore and Ohio depot fairly swarmed with the hunters who had picked out their hunting grounds along the line of that road. The hunting Friday was nothing more or less than a grand round up of all the game in the county and forcibly reminds the writer of a wolf drive in the southwest, where hundreds of armed men with rifles and wolf hounds encircle a large territory and slowly converge toward a given center, until many of the wolves are killed. Large numbers, however, escape. Not so, however, with the quail. Those that escape the roundup at the start will fall victims elsewhere.

Considerable doubt is expressed by local sports as to the offering this season. Rabbits are said to be plenty, but the quail, in common with the other birds, are a scarce article, so that the rabbit chase will probably be the chief aim of the man with the gun and dog this year.

OFFICERS ELECTED BY ACME LODGE

At a meeting of Acme Lodge, No. 554, F. & A. M., held on Thursday night, the following officers were elected:

W. M.—H. M. Harris.
S. W.—G. W. Emery.
J. W.—W. W. Davis.
Treasurer—L. P. Schaus.
S. D.—E. V. Prior.
J. D.—J. M. Jones.
J. D.—J. H. Jones.

The Master-elect appointed Rev. L. P. Franklin as chaplain and L. P. Carl and Julian J. Long as stewards. The newly elected officers, excepting the treasurer, secretary and chaplain were installed by Past Master Frank T. Hirst, assisted by Past Master C. H. Bohn as grand marshal.

ANOTHER PIPE DREAM FROM AKRON TOWN

The sport writer of the Akron Beacon-Journal rolled another pill and shot off the following:

"Seeing the handwriting on the wall, and knowing that there is no chance for them to be included in the O-P league next year, the club owners in Mansfield, Marion, Newark and Lancaster are already planning upon the makeup of a new league. Paul Stuges of the Mansfield club has written President Mischler of the Sandusky club asking him to have a representative at a meeting to be held soon. Beside the four O-P towns Zanesville, Lima, Findlay and Sandusky are mentioned in connection with the proposed organization."

Mr. Ritchie is going to form another new league for the teams comprising the O. and P. circuit. Of course Newark will do just as he wishes in the matter. So will Mansfield, Marion and Lancaster. Well, just hang this away for future evidence: Newark will be very much in it at the meeting in Cleveland in January. If Akron, Youngstown and several of the other northern clubs wish to secede they may have the opportunity to do so. Newark will have something to say and her claims to recognition will not be ignored by any means. If a new circuit is to be formed you will see Newark having a front seat in the tab.

The London Daily Mail notes that a Swiss village has been decorated with flags in honor of a hen that has laid her thousandth egg.

BATTLE WITH SNAKE

C. G. Miller, who conducts the tonorial parlors on North Park place, was in the vicinity of Rocky Park Thursday and had a battle with a big black snake. We know it is a little late for snake stories but Mr. Miller vouches for the truth of this one and brought his snakeship back to the city with him and has it on exhibition at his shop.

In company with a companion he was out working his dogs when one of them came running back towards Mr. Miller pursued by a large snake. Having no gun and there being nothing handy to send it to snake heaven he cut and run, taking to the tall timber. He started on a bee line for his buggy and it was nip and tuck as to which would reach it first, Mr. Miller or the snake. Being a good sprinter the former was several laps ahead when the rig was reached, and with the bound of a champion hurdle jumper he cleared the wheels landing on top of the buggy seat, but cold chills ran up his spinal column as he observed the reptile starting to crawl into the buggy. His faithful canine came to the rescue, however, and leaping for the snake grabbed it back of the head and with a few shakes broke its neck. Mr. Miller then finished it with a club. The ophidia measured eight feet and four inches and was truly a formidable looking foe. You couldn't buy the dog for love or money and his master has purchased him a new collar and gives him an extra ration of fresh meat every day.

NOTICE.

Owing to the fact that today is the B. & O. pay day, necessitating the keeping open of many of the business houses this evening, the curtain will not be raised at the Auditorium for "The Lunatic and the Lady" until 8:30 o'clock.

BLOCK SOLD FOR \$35,000

An important real estate deal was consummated Friday morning, when Mr. Warren Weiant sold to Mr. Geo. B. Sprague the block on the north side of the square, the lower floor of which is occupied by the Hayes cigar store and bowling alleys for a consideration of \$35,000.

Mr. Sprague said that his plans were not definitely completed yet, but ultimately there will be some changes. Captain Hayes' lease has some time yet to run, and he will remain in his present quarters.

BEAN SUPPER

OF THE OLD FASHIONED KIND SERVED BY LEMERT RELIEF CORPS.

To Many Guests Including Nearly a Hundred From Zanesville on Thursday Night.

Thursday night, Nov. 14, 1907, will be remembered by the members of Lemert Post, No. 71, G. A. R., and the Women's Relief Corps of this city, as one of the most enjoyable occasions in their history. An invitation had been extended some time ago to the members of Hazlett Post and the Women's Relief Corps of Zanesville, to come to Newark and be the guests of our old soldiers and patriotic women, and it is needless to say that the invitation was promptly accepted.

About 8 o'clock the Zanesville delegation, numbering between 75 and 100, arrived over the interurban and were met at the station by the reception committee and escorted to G. A. R. hall, where they were all given a royal reception, and after mingling together for a short time, getting acquainted with each other, supper was announced. The supper was in the nature of an old fashioned army "bean feed" with the "trimmings" and was greatly enjoyed by every one present. This feature of the entertainment was prepared under the immediate supervision of Comrade Wm. Bostwick. Mr. Bostwick cooked beans in the army and hasn't forgotten how, and he was complimented on all sides Thursday night for the excellence of the feed.

After all had satisfied the inner man, the meeting was called to order by Post Commander R. C. Bigbee, and after Rev. Mr. Barr had invoked the divine blessing, and a beautiful selection had been rendered by the quartette, introduced Mr. Simeon E. Siegfried, who delivered the address of welcome on behalf of Lemert Post and the Women's Relief Corps, which was responded to most happily by Judge Joseph O'Neil, of Lebanon, O., on behalf of the visitors.

The remainder of the evening was spent in having a good social time, and in listening to reminiscences of the boys of the Civil war which was interspersed with music, both vocal and instrumental, among which was a beautiful solo by Mr. Euert and also one by Mrs. Angus Smith, which were much enjoyed.

The Zanesville people left for home on the 11 o'clock car, much pleased with the hospitality of the old soldiers and patriotic women of Newark, all declaring that they had had one of the most enjoyable times of their lives.

JUDGE HANNA ON CHRISTIAN SCIENCE

Interesting Address Given by Colorado Man At Taylor Hall Last Night—Christian Science The Religion of The Bible Is Speaker's Theme

A large audience at Taylor Hall listened with deep interest last night to the lecture on "Christian Science, the Religion of the Bible," given by Judge Septimus J. Hanna of Colorado Springs, who is recognized as one of the leaders in the Christian Science movement in this country. Judge Hanna reviewed at length the life and work of Mrs. Eddy, author of the Christian Science text-book, and organizer and leader of this great religious movement, who has been much in the limelight in the past few months. The lecturer was introduced by Prof. J. D. Simkins. Judge Hanna's lecture in part follows:

Judge Hanna's Address.

At this time when the author of the Christian Science text-book and organizer and leader of this great religious movement, in spite of her desire and efforts to remain in seclusion that she might the better be able to carry on her life work, is being forced into public view by methods and proceedings as extraordinary as any in history, it seems not inappropriate that in a public lecture brief reference should be made to her by those who are more or less acquainted with her life and her work.

Many of the falsehoods concerning Mrs. Eddy have been so recently and so effectively refuted by well-known newspaper and magazine editors and writers that it seems hardly necessary for me here to attempt any additional refutation. Among the many prominent newspaper men who have written of Mrs. Eddy is Mr. Arthur Brisbane. In both daily newspapers and the Cosmopolitan Magazine he has written at length the results of an interview he had with Mrs. Eddy the eighth of last June. Mr. Brisbane thus speaks of Mrs. Eddy's home: "The home of Mrs. Eddy has been called by writers of imagination 'a house of mystery.' As a matter of fact, the house is about as mysterious as the average little New England house."

He thus refers to Mrs. Eddy's personality: "Beside a writing desk, in an armchair, sat a white-haired woman who rose and walked forward, extending her hand in friendly greeting to a stranger. That was Mrs. Eddy, for whom many human beings in this world feel deepest reverence and affection, and concerning whom others have thought it necessary or excusable to write and to say unkind and untruthful things. It is quite certain that nobody could see this beautiful and venerable woman and ever again speak of her except in terms of affectionate reverence and sympathy."

I may add to this that after Mr. Brisbane had seen Mrs. Eddy, and in the latter part of June, I had the privilege of a visit with her in her home, and I can truthfully corroborate what Mr. Brisbane says. I have seen Mrs. Eddy at short intervals for upwards of eighteen years, and allowing for the passage of time, I have never seen her manifest greater vigor, strength or alertness than at this last visit.

Is Being Persecuted.

Why Mrs. Eddy should be the subject of such opposition, amounting to persecution, would be an anomalous question were it not for the teaching of past history.

It is historically true that every great hero and patriot has been more or less misunderstood, misrepresented and maligned. We have but to remember that Washington was denounced by his enemies as a hypocrite and a traitor; that Lincoln was called a tyrant, an ignoramus, and a boor; and that Grant was maligned and conspired against by the little men whom he unwittingly consigned to obscurity by his overwhelming greatness. But even more is this true of moral and religious reformers. History fails to furnish a single exception to the rule that these reformers have been misrepresented and persecuted in the degree in which their labors and efforts were not understood. Until their mission became understood they were regarded as innovators rather than reformers and therefore as persons dangerous to supposedly settled conditions and institutions. Mrs. Eddy has, to some extent, shared and is sharing the fate of her predecessors. The enemies of advanced thought have ever flattered themselves that by striking down the leaders they could destroy the cause. The opponents of the Christian religion evidently thought that by crucifying its great Founder they could prevent the spread of the truth which he had come to establish. But then, as now, the truth they sought to destroy was the more rapidly advanced by reason of such efforts. Christian Science is more firmly established in the minds of unprejudiced and thinking people than before the recent unjust and malicious attacks upon it and the leader. We know that notwithstanding all pretensions to the contrary

the onslaughts are upon Christian Science rather than upon Mrs. Eddy.

Early Church Records.

The early records of this church contain the following interesting and significant item: "At a meeting of the Christian Scientist Association, April 19, 1879, on motion of Mrs. Eddy, it was voted, To organize a church designated to commemorate the word and works of our Master, which should reinstate primitive Christianity and its lost element of healing."

We point to the twenty-eight years' intervening history in witness of the correctness of that early declaration. During these years many thousands have been brought out of conditions of sin, sorrow, grief, woe, distress, disease and sickness, who without the aid of this scientific Christianity would have remained in abandoned and hopeless conditions. We do not hesitate to say, therefore, as matter of current history, that to a most wonderful and gratifying extent primitive Christianity has been reinstated and its lost element of healing been restored.

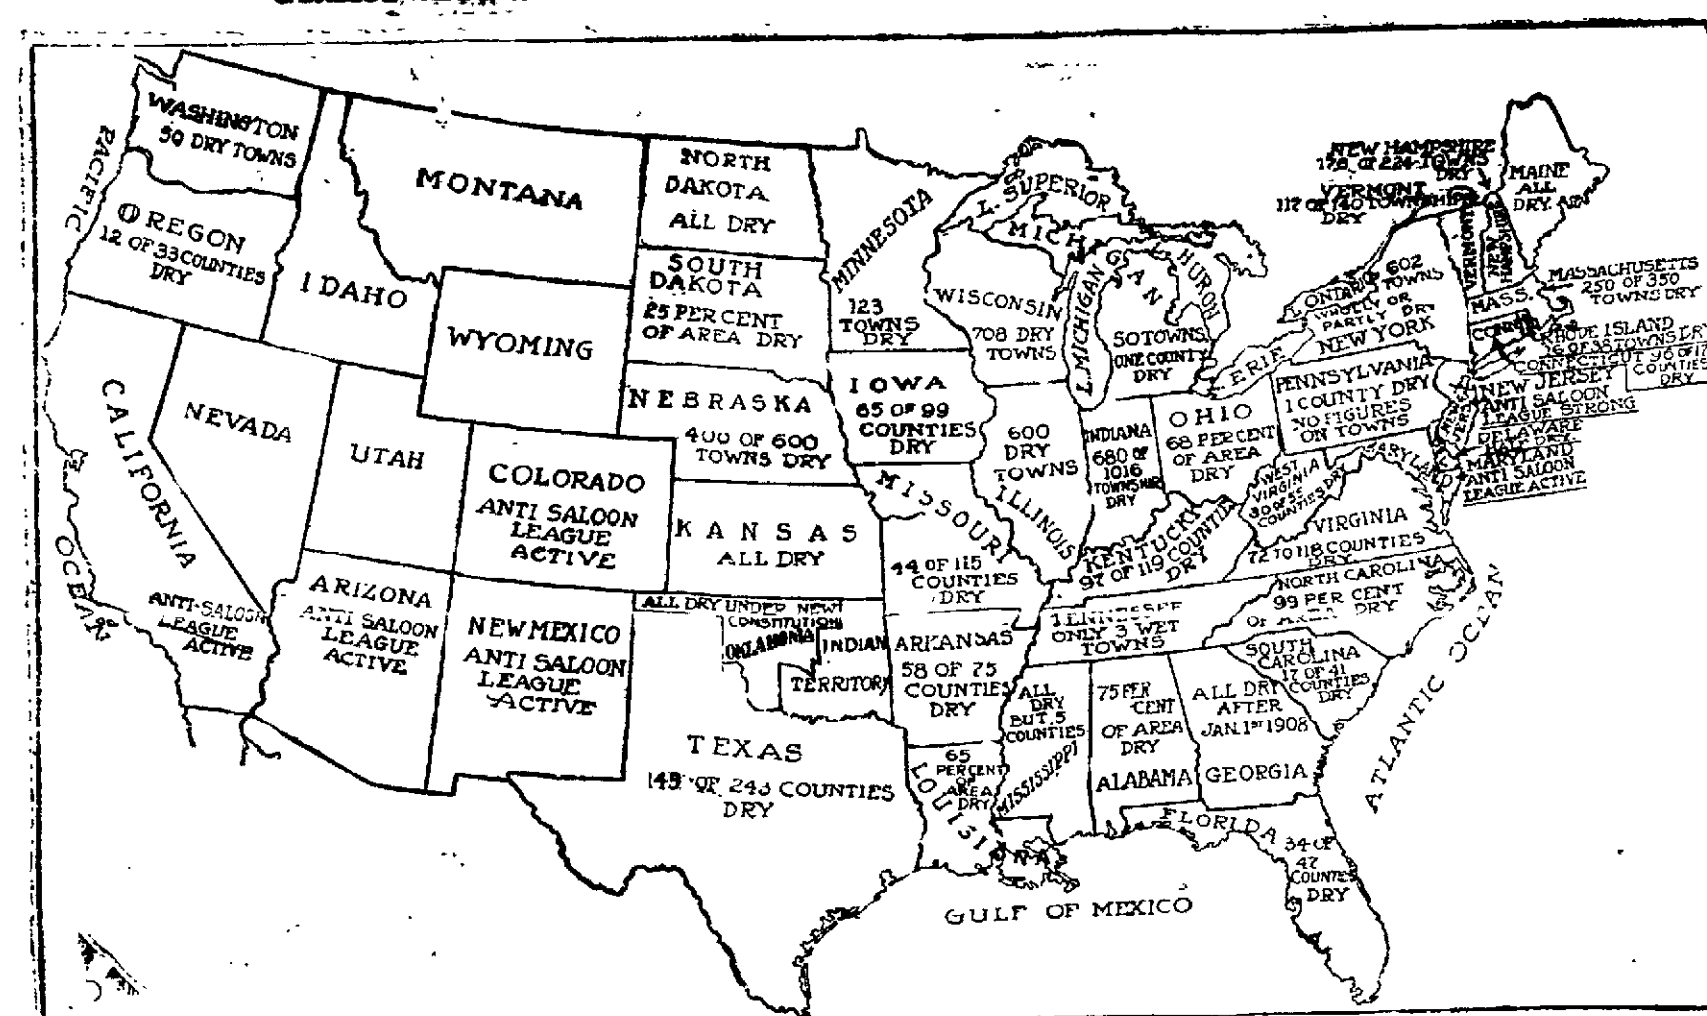

The Scriptural Basis.

We boldly proclaim that there is very plain, very specific, and very abundant Scriptural authority for all that Christian Science claims, and especially for what it claims with reference to the possibility of healing sickness and disease through the direct agency and power of Almighty God. I will endeavor to quote such plain parts of Scripture as seem to us to furnish unmistakable proof of the correctness of the Christian Science position. Christin Science teaches that God is in truth Almighty. If He is Almighty then surely He is correctly defined by the other terms Omnipotent, Omnipresent, Omniscient, Supreme and Infinite. He who is all powerful is always all powerful. He who is omnipresent is never absent. He who is all wise is never less than that, could not be by the very necessity of His all-wisdom. He who is supreme is never less than supreme. He who is infinite cannot be limited by His own infinity, could not do so by the very necessity of that infinity. Christian Scientists accept these terms as correctly defining God and His character. If they do correctly define God and His character then God is everywhere. There is no place in His universe where He is not. And where God is there is His Kingdom, for His kingdom is of necessity co-extensive with Himself.

Definition of God.

In corroboration of this conception of God and His power and presence in His universe and in His world, I desire to call attention to a definition of God given by the great Psalmist, the sweet singer of Israel, in the 103d Psalm: "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases; who redeemeth thy life from destruction; who crowneth thee with loving kindness and tender mercies; who satisfieth thy mouth with good things, so that thy youth is renewed like the eagle's." This is either mere abstract poetical sentiment or else it is a declaration of eternal truth, a definition of the eternal God. We accept it as the latter. We believe in just such a God as the Psalmist here sings of. A God who possesses the power to and who does forgive all the iniquities of His children, a God who possesses the power to and who does heal all the diseases of His children, who redeemeth their life from destruction, who crowneth them eternally with loving kindness and tender mercies. I cite this definition of God not because it stands alone; we find just such conceptions of God running all through the Scriptures if we look for them. Have we sufficiently looked for them? Have we generally taught of such a God? On the contrary have we not been too generally taught of a God who so far from forgiving all the iniquities of His children, has provided a means and place of eternal punishment for each of them as fail to live up to a prescribed course of conduct? A God who so far from healing all the diseases of His children, sends disease upon them in order to chasten and make them better? This manifestly was not David's conception of God. If it was, his own plain words falsify that conception. Nor was it the conception of God held by Jesus if we accept his own plain words as expressing his conception. In immediate connection with the 103d Psalm I now call your attention to a part of the New Testament record which we consider as fundamental Christian doctrine or teaching. I refer to the great commandment given by Jesus to his disciples called by some Bible commentators his Great Commission to the Twelve. It is true that this part of the Bible is fundamental Christian doctrine or teaching then surely those who desire to live Christian lives cannot too much study nor too well understand it. For present purposes I quote the

AMUSEMENTS

WILTON LACKAYE'S

"THE BONDMAN."

The treat of the present theatrical season at the Auditorium was the new vehicle of Wilton Lackaye, "The Bondman," by Hall Caine, which played to a very large and very cordial audience last evening. The production was quite the best that has appeared here so far, and a representative audience of Newark turned out to witness the entirely successful production. In his part of "Jason," the lover, the savior and the bondman, Mr. Lackaye left an impression that

and the Lady," a musical comedy which is considered by critics to be far superior to Buster in comedy, action and all that goes to make a musical comedy a hit. He has engaged the usual Raymond company of stars, among whom may be mentioned Frank Christie, Jeanette Moad, J. Louis Murtz, J. Paul Jones, Marie Gillette, Amelia Bald and a quarter hundred gladsome, glittering girls, and an extra attraction he secured a score of Austria's premier toe dancer, Mlle. Glette, for a term of three weeks to appear with the M. E. Grand attraction and the greatest dancing chorus in America.

AUBREY STOCK COMPANY.

"A Great Temptation," which is announced for the opening bill of the

GERTRUDE VAN DYCK
With "The Lunatic and The Lady."

will long be remembered by those who saw the play. As his half-brother, Michael, Sidney Ayers was entirely satisfactory. Miss Elsie Ferguson as "Greeba," loved by both men, yet true to one, took her part well and was forced to respond to many curtain calls. The rest of the company gave excellent support to the star and the show was a treat that will not soon be forgotten. The scenery and the scenic effects were good, especially that of the sulphur mine in the third act. The fourth act gave Mr. Lackaye his opportunity to display his powers as an actor and the result showed careful dramatic and class application to the part he portrayed.

EAST LYNNE'S LONGEVITY.

The remarkable prosperity and wonderful longevity attained by "East Lynne" can be explained only by the fact that the story the play unfolds is intensely human. Although numberless dramas have been written in imitation of this excellent play, not one of them reaches the depth of feeling or sounds the note of human appeal as truly as does this dramatic picture of the joys and sorrows of the beautiful, unfortunate Lady Isabel. To adequately portray the varying emotion of this complex character is a task requiring not only the charm of youthful beauty but a marked degree of histrionic ability as well. The engagement at the Auditorium is for Saturday, November 16, afternoon and night.

THE FLASHING ARROW.

The Auditorium will present for one night, Tuesday, November 19, Lincoln J. Carter's sensational drama "The Flashing Arrow." As the title would indicate, the play deals with events that occur on the western plains and the Rocky mountains. It is not as blood thirsty as the title would indicate, but is full of pathos, deep heart interest, adventure and side splitting bursts of laughter which relieves the more serious plot of the story. The play is typically a border drama and exploits Indians, cowboys, but is vital, said to be one of the most rational and interesting plays of the kind ever produced. It is claimed that the scenery employed in this production is of surprising richness and fidelity to the locale of the play.

In the second act, in which an Indian council is held, there is a remarkably realistic reproduction of a council fire, with flames leaping upward apparently in the most natural manner. The weird Indian music and chants, the unearthly dances and war whoops, the fantastic movements of the ghost dancers, and a total eclipse of the moon, all tend to make this act one of interest and novelty.

THE LUNATIC AND THE LADY.
Melville B. Raymond, the producer and manager of such box office surprises as Buster Brown, Arizona, etc., this season presents "The Lunatic

Aubrey Stock company which will be seen at the Auditorium for one week, commencing Monday, is without doubt one of the strongest melodramas that has ever come from the pen of the famous writer Owen Davis. It is in four acts, the first showing the deck of a ship. This scene has been made especially for this company, and is the finest and prettiest scene ever attempted by any company. The company is carrying a 60 foot railroad of special scenery and nothing has been left undone or no expense has been spared to make this the finest company on the road at popular prices. Ladies 15 cent tickets will be sold for Monday night.

GRANVILLE NEWS

Granville, Ohio, Nov. 15.—Granville, though not one of the largest is one of the busiest of American communities. Its gas lights which never go out are a type of the ceaseless activities of the community. The days and the evenings are almost endlessly subdivided with three or four engagements sometimes crowded into a single evening. But no engrossment in present duties and pleasures should cause Granville to forget its noble history. Each year at least as November comes around the community should commemorate the coming of that first Granville colony from far away Massachusetts, over mountain and through unbroken forest to our fair valley. On Sunday evening, November 17, this year Granville is to have this commemoration. It will be held under the auspices of the Granville Historical Society at the Presbyterian church so rich in historic memories. The historical address will be given by Dr. C. J. Baldwin and will certainly be of deepest interest and highest value. The Centennial Song, "O Village 'n the Valley" will be sung and other appropriate music will be rendered. All Granville should be present as far as the audience room will permit. On Monday evening a business meeting of the Granville Historical Society will be held.

Miss A. S. Carman returned Wednesday evening from a visit of three weeks with Mrs. Dr. B. Purinton at Morgantown, W. Va. President and Mrs. Purinton sent special good wishes to their many Granville friends. The University of West Virginia has grown remarkably under the administration of Dr. Purinton and now has more than 1200 students with a faculty of eighty members. Professor W. H. Boughton, who went from Denison to be head of the engineering department is very successful in his work as is Prof. Neil formerly instructor in elocution here. Miss Susan P. Moore, as well as all who knew her work here would expect, fills a large place in the life of the university as dean of its young women's department.

The services at the Presbyterian church Sunday will be unusually interesting and attractive, owing to the variety of talent in speech and song. Dr. Byron W. King, president of the famous Pittsburgh School of Oratory, and foremost lecturer on the American platform, will occupy the pulpit for Rev. David Dempster at the morning service. The evening service will be a union meeting of all the churches, under the auspices of the Granville Historical Association. The principal address will be delivered by Dr. C. J. Baldwin. The Doctor has resided in Granville for many years and has collected a large amount of rich material for a splendid address, and no one can afford to miss it.

Invitations have been sent out by the young ladies of Shephardson College to the members of the three upper classes for an at home party to

be held Tuesday afternoon from 3 to 5 o'clock.

Dr. W. G. Tight, of Albuquerque, N. M., president of the University of New Mexico, spent a short time in Granville Wednesday afternoon. The Doctor left Wednesday evening for Washington, D. C., on a business trip.

Miss Rachel Edwards of Columbus, who has been visiting relatives and friends here for several days, has returned home.

After a pleasant visit here during the past week, Mrs. Minnie Hughes and little daughter Hannah, have returned to their home in Toledo.

Rev. T. G. Field attended the Baptist Missionary Institute at Cambridge Monday. Mr. Field was one of the principal speakers on the occasion.

Williams' Kidney Pills.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you. Price, 50 cents. Sold by R. W. Smith, Newark.

DENISON MEN COMPLAIN

Granville, Nov. 15.—Denison players complain bitterly of the treatment they received last Saturday at Gambier from the officials and Kenyon players. They have a whole string of grievances to relate.

Coach Rohrer has been making his men hustle some this week in order to be in good condition for the annual battle tomorrow with O. W. U., which will be fought out at Delaware. Only two more games are left on the schedule this year, and the Baptists are determined to win these if they possibly can.

It is thought that the coach will not put his best men in the game with O. W. U., but that he will save them for the game with Western Reserve's "beef trust," which is to end the season here.

WORTH LOOKING OVER

Bits of praise for this or that young pitcher, picked up this fall by the Columbus club, have been coming in so freely that officials are coming to believe that these will be a couple of winners in the lot, says the Ohio State Journal. Ohio-Pennsylvania people say the four from that league are worth looking over good and long. They can't see why Linke of Newark, Eberman of Akron, Thomas of Youngstown, and Noah of Sharon, haven't just right to serious consideration.

FAIRVIEW.

Mr. and Mrs. John Lambert and son Dale spent Sunday in Newark. Charles, the little son of W. F. Berger, who was so seriously scalded a few days ago, is slowly improving. Mrs. William Brooke and son Lloyd were Newark visitors Saturday. Any one wanting fresh meat should call on Robert Starr.

Mr. and Mrs. Harry Toothaker and daughter Anna and son Fred and Miss Edith Ide of Hanover spent Sunday with Mr. Charles Gleckler and family.

Mr. and Mrs. M. W. Ritter called on Mr. William Bell and family Thursday evening.

Stanley and Guy Claggett spent Sunday afternoon with Ray Nutter. William Weakley of Newark spent Tuesday on his farm.

Messrs. William Berger and Harry Hartman called on Harold Starr Sunday.

JOHN FRANCIS, PROMINENT IN PHILADELPHIA LABOR CIRCLES, ENDORSES FATHER JOHN'S MEDICINE FOR COLDS.

Mr. John Francis, well known in local labor circles, writes: "Early last spring I had a very bad cough and I was not feeling well at all. My weight is always about 130 pounds, but at the time I started to take Father John's Medicine I weighed only 117 pounds. After taking six bottles I weighed 126 pounds, and at present I weigh 138 pounds. I can recommend your medicine highly, because what I write is the truth. I also recommended it to my nephew for a cough that he had. Two small bottles cured it entirely." (Signed) John Francis, 224 Albert Street, Philadelphia, Pa.

Father John's Medicine prevents Pneumonia and Consumption and cures all Coughs and Lung Troubles. No alcohol or poisonous drugs. Cures colds or money back.

PUBLIC SERVICE COMMISSION HAS STARTED NUMEROUS REFORMS

New York, Nov. 15.—What has the new Public Service Commission achieved in a year? Constructive rather than a destructive direct on?

Exposures of maladministration of the affairs of the street railway sys-

tem of New York and revelation of the attendant scandals have constituted, after all, only a small proportion of the work accomplished by Governor Hughes' commission for the city district during the first four months of its social life, although that particu-

lar phase of its achievement is the one upon which the attention of the community has been focussed perhaps to a disproportionate degree.

The commission is engaged in the preparation of its annual report, which according to the requirements

of law, must be presented to the State Legislature by the second Monday of January, 1908. In this it will set forth what it has accomplished during the first six months of its existence, with doubtless many suggestions for its work of the future.

THANKSGIVING AT OHIO PEN

Turkey, cranberry sauce, a day of rest and "Clarke's Jersey Lillies" will take up the attention of the convicts at the Ohio penitentiary Thanksgiving day—and prisoners are told that the girls, while they are not turkeys, are surely "birds." The lillies will not only blossom at a matinee and a night performance at the Gayety theatre, but will take a morning off, and "while they are resting," from 9 to 11, will delight the boys in gray with the latest songs, dances and gags.

The warden has induced the girls to give a performance for the convicts. No unnecessary work will be done at the prison that day.

CATARRH OF THE STOMACH

A Most Dangerous Disease, Which Causes Serious Results, Unless Properly Treated.

Catarrh of the Stomach is very common and is known as one of the most obstinate diseases, which, when neglected or improperly treated with cheap patent medicines, tonics, drugs, pills and other secret quack remedies results in a broken down constitution and often consumption and death.

Catarrh of the Stomach, like every other disease of the stomach except cancer, is the result of poor digestion. The digestive organs have become weak, there is a lack of gastric juice, your food is only half digested, and as a result you become affected with loss of appetite, pressure and fullness after eating, heartburn, vomiting, water-brash, tenderness at pit of stomach, slimy tongue, bad taste in the mouth, constipation, pain in limbs and face, sleeplessness, nausea, belching of gas, diarrhoea, sick headaches, dizziness, mental depression, nervous weakness, and many other common symptoms.

If your stomach cannot digest the food you eat, then the stomach needs a rest, as that is the only way you can get rid of your catarrh, but in the meantime your body needs plenty of nourishment, because you must live and in order to live you must eat, and if you must eat, your food must be properly digested, and if your stomach is too weak to do the work, then you must get a substitute that will do the work.

Stuart's Dyspepsia Tablets are the only known substitute that will digest your food as well as any healthy stomach. They contain vegetables and fruit essences, aseptic pepsin (gov. test), golden seal and diastase, the very elements necessary to digest all foods.

Stuart's Dyspepsia Tablets are not a secret remedy and for that very reason thousands of physicians all over the United States recommend them to their patients for catarrh of the stomach, dyspepsia of all kinds, and other stomach troubles. Experiments and tests have proven that one grain of the active principle contained in these tablets will digest 3,000 grains of food.

Stuart's Dyspepsia Tablets are in the form of pleasant tasting tablets or lozenges and are sold in large fifty-cent boxes at all drug stores.

Send us your name and address and we will send you a free sample package. The relief you will get from this trial package alone will convince you of the merits of Stuart's Dyspepsia Tablets. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

NEWARK PEOPLE WITH WEAK LUNGS NEED VINOL

Many people inherit weak lungs which are likely to be attacked by consumption. So also are lungs weakened by disease or by a stubborn hacking cough.

No matter what the cause, Vinol strengthens weak lungs and gives one the power to throw off wasting diseases.

The reason that Vinol has such power to heal and strengthen is because it contains in a highly concentrated form all of the curative, medicinal and strength-creating elements of cod liver oil, actually taken from fresh cods' livers, with the useless, nauseating oil eliminated and tonic iron added.

So sure are we of what Vinol will do that we ask every person in Newark, O., suffering from weak lungs, stubborn hacking cough or any wasting disease to try Vinol on our offer to return money if it fails. Frank D. Hall, Druggist, Newark, Ohio.

J. P. MORGAN'S LIBRARY.

New York, Nov. 15.—As a temple of sound finance as well as the home of art and literature, the library of Mr. J. Pierpont Morgan has become famous in the last two or three weeks, for there he invited eminent bankers to consider with him the exigencies of the situation in Wall street. The classically modeled building in East Thirty-sixth street will be known to the world over hereafter as the scene of the most important meetings ever held in financial history.

As a structure there is none more

remarkable on this continent. The building has a frontage of 115 feet and is in a T form, the extreme depth being 73 feet.

Its architecture is of the Italian Renaissance period, and at first the exterior seems almost plain in its simplicity. It is a one-story structure of Tennessee marble.

Fashioned and polished to a nicety, the blocks of marble fit with mathematical exactness. No mortar binds them, for they are set in metal, and so carefully are the joints put together

that one may pass his hand over the smooth outer surface without being able to detect by the sense of touch where they exist.

There are three rooms in the library, connecting the hall as one. The other two are connected with it, and may be separated by doors of bronze. The two rooms are in rich Venetian style, and one has a coffered wooden ceiling many centuries old.

Rare brocades cover the inner walls, together with rich stuffs which have adorned Italian palaces, and the effect is enchantingly picturesque.

RAILWAY AFFAIRS

Relief After First Year's Sickness.
Seventy-five thousand employees of the Pennsylvania lines west are deeply interested in action taken by the Advisory Committee of the Voluntary Relief Department, which held its quarterly meeting at Union Station, Pittsburgh. A resolution authorizing the payment of a half rate relief benefit in cases of sickness after the first year until the disablement is removed, was adopted. The relief department now pays full benefits for one year in cases of sickness, but nothing after. In cases of accident disablement, full payments are made for one year, and half payments thereafter, until the disablement is removed, and the committee's action places the sickness disablement under the same conditions as accident disablement.

Penalties Imposed.

Penalties for failure to live up to their mail contracts as to time of delivery, have been imposed by the postmaster general on a number of railroads of the country. The fines range from \$1 to several thousand dollars. The Great Northern system has been taxed more than \$26,000 for slow deliveries on routes between points in Minnesota to points in the state of Washington.

Locomotives for Japan.

Twenty-four locomotives are being built at the plant of the American Locomotive company in Philadelphia for the Japanese government. The locomotives are being rushed and it is expected to have the full consignment ready for shipment by the middle of January.

Important Conference.

All the principle railroads of the country are to be represented at a conference to be held in Chicago on November 26. Car service and efficiency are to be discussed, one of the prominent subjects being the interchange of freight equipment between railroads. The railroaders say that much of the car shortage is due to the fact that they are unable to keep their cars on their own roads.

Better Equipment.

Within a few weeks the equipment of the Pennsylvania lines west of Pittsburgh will be changed to admit of the use of many of the wooden cars now in service on the main line between Pittsburgh and New York and Philadelphia.

The passenger coaches in service on the Pan Handle division of the Pennsylvania which have been used for a number of years will be relegated to the smaller roads for use there. The new coaches to be used in the west are of the better class on the eastern divisions, and are being sent here for use after the installation of the new steel coaches on the eastern line.

For the first time in many years the Pennsylvania lines west will not order any new passenger cars this year. It was intended to use steel equipment for through service between New York and Chicago, thus including Newark on the route of the first steel trains, but owing to the fact that the railroads and the builders cannot agree on prices, the steel cars will be used only on the lines east.

B. & O. to Erect Building.
The B. & O. railroad will soon erect in their east yards a 30x40 frame building that will be used as a tin shop. The improvement is a necessary one as the men now in that department are doing their work in different parts of the shop.

Refused Own Check.

A most amusing incident occurred on a Pennsylvania passenger train between Dennison and Pittsburgh, which brought smiles to all who knew of the circumstances attending the last payment made to employees. It is a matter of modern history that the company paid its employees with checks. A Dennison merchant was going to Pittsburgh and when the conductor came through the car, taking up tickets, the merchant handed him one of these checks in payment. The conductor looked at it, he reflected and then told the merchant that he had no authority to take anything but coin of the realm or bills in payment for his passage.

The Penny, by this refusal of the conductor, has been placed in the position of dishonoring its own money used to pay its employees.

"BUFFALO BILL" IS MENTIONED

As Correspondent in the Divorce Case Brought by Mrs. Howard Gould.

New York, Nov. 15.—Howard Gould was unmercifully scored in court Thursday by Clarence J. Shearn, counsel for Mrs. Katherine Clemmons-Gould when he outlined his defense in the divorce action which Mrs. Gould has brought against him.

Mr. Gould, through his attorneys, declared that his wife had been guilty of misconduct with Colonel William F. Cody, better known as "Buffalo Bill," some years before her marriage.

In support of this defense Mr. Gould's attorneys wished to take the testimony of Miss Helen Mar of London, England, who has appeared on the stage and is known as a public reader.

Mr. Gould's papers, which had been served on Mr. Shearn, showed that he would enter a general denial to all charges of misconduct on his part. He would further plead justification for his abandonment on the ground of misconduct of Mrs. Gould prior to their marriage.

Mr. Shearn said: "After living with Mr. Gould for eight years as his wife Mrs. Gould was abandoned and is now confronted with the claim that some unidentified woman living in London has been procured by Mr. Gould to swear that 12 years before Mrs. Gould had confessed to misconduct with Cody. Naturally she desires to have this woman witness face a jury and submit to a cross-examination."

CLIFF ROSEBROUGH IS 52 YEARS OLD BUT FEELS YOUNGER

Col. Cliff Rosebrough of 52 South Fifth street, quietly celebrated the 52d anniversary of his birth on Friday. Cliff is probably one of the best known men in the city, having lived here all his life with the exception of a short time he lived in Indiana in his boyhood days. He is one of those whole souled, jolly good fellows who make friends with everybody, and it is a sure thing that Cliff has many friends in Newark today who will congratulate him on attaining his 52d birthday. Cliff is one of those progressive and aggressive men full of spirit and enterprise, who like to see things go, and he has always been found in the front ranks offering his services for the good of the city. For many years he served in the Ohio National Guard, and when the Spanish war broke out he was among the first to get action. He has been honored by twice being appointed aide-de-camp on the staff of the National Commander of the Spanish War Veterans, with the rank of Colonel, and twice in the Department of Ohio under Col. Coit of the Fourth regiment and Captain Fanning of the First Ohio Engineer Corps. At present he is commander of Sam Williams camp, Spanish War Veterans. He has a great veneration for the American flag and never lets an opportunity pass to do it reverence.

PRIZES AWARDED AT PALACE RINK

The masquerade at the Palace rink Thursday night was a jolly affair, 86 persons being in costume. Nearly every nation that could be thought of was represented by masks. Many of the costumes were elegant, and quite a few were of the comic variety.

Four judges awarded the prizes, they being Mr. Horn of Cleveland, and Messrs. Cox, Galliot and Spedden of Pittsburgh. Miss Anna Fireage masked as day and night, captured the lady's prize, \$5 in gold, for the handsomest costume, while the gentlemen's prize for the same amount was captured by Mr. J. S. Rambe, who was dressed as a negro waiter. Prizes of \$2.50 each were awarded Miss Julia Fitzgerald and Mr. D. Taylor for the most comic costumes, the former representing "Sis Hopkins," and the latter a Jew peddler.

The balconies of the rink were crowded with spectators and everybody had a royal good time.

NEWARK WOMAN WEDS OLD LOVER

Zanesville, O., Nov. 15.—Mrs. Sarah Hussion, divorced from her husband, John Hussion, five months ago on the grounds of extreme cruelty, was reunited to her former husband, J. B. Carson, by a local justice of the peace Thursday morning. The pair had eloped to this city from Newark and when applying for the license showed the divorce papers from Judge Brister's court in Newark.

Newark Evidence For Newark People

NO SIGN NOW OF NERVOUS HEADACHE.

Whoever has suffered from one of those severe nervous headaches can read the statement given below and find the same relief as Mrs. Lindsay obtained. All that is needed is a trial of Dr. Richards Dyspepsia Tablets. They possess marvelous curative powers.

Dr. Richards Dyspepsia Tablets Association, 53 and 55 Worth St., New York.

"Gentlemen:—Up to two months ago, before I began taking Dr. Richards Dyspepsia Tablets I suffered greatly from nervous dyspepsia and severe headaches. I got so used to have these headaches two or three times a week I was almost distracted. The medicine I took did not seem to do me any good. I heard Dr. Richards Dyspepsia Tablets spoken of very highly and I got a bottle at R. W. Smith's Drug Store. I had taken 4 bottles of these little tablets and have not had a sign of a headache for a month. My appetite is good; that old nervous feeling is gone and I am at least feeling like myself again thanks to Dr. Richards Dyspepsia Tablets.

Yours truly,
MRS. E. M. LINDSAY.

NOW GOOD DIGESTION WAITS ON APPETITE AND HEALTH ON BOTH.

Good digestion is not what everyone has. Some have mighty poor digestion and would give much to have the digestion that youth usually possess. It can be gotten. There is a drug store in Newark the Mecca of all dyspeptics and stomach sufferers in the city, because it has on sale a remedy tried and true, the finished product of thought and experiment, which cures all such victims. It is called Dr. Richards Dyspepsia Tablets and the following gentleman has used them and tell the story of his case.

Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth St., New York.

Gentlemen:—I was in bad shape when I began taking Dr. Richards Dyspepsia Tablets which I got at R. W. Smith's Drug Store about two months ago. I felt well after taking four bottles of this wonderful medicine. I had to give up work for a while last winter as I was very weak and run down and lost in weight. I was hungry all the time, but hardly dared eat because I knew that the result would be distress and misery for hours. I am happy to say that I am now all right, thanks to the use of Dr. Richards Dyspepsia Tablets.

Yours truly,

THE HEALER IS HERE.

The victims of indigestion are all around us; we meet them everyday and would like to cure them. This can be done by telling them of Dr. Richards Dyspepsia Tablets, that have cured many in Newark. Here is one of many:

Mrs. Anna E. Roberts, 197 Mound street, Newark, Ohio, says:
Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth street, New York.

Gentlemen:—If there is any other remedy equal to Dr. Richards Dyspepsia Tablets, I do not know of it. I got a bottle at R. W. Smith's drug store, which cured me of a bad case of indigestion and dyspepsia.

Yours truly,

WORTH AN EFFORT.

Things Worth Having Are Worth the Effort to Get Them.—Dr. Richards Dyspepsia Tablets and Laxocomfits Prove Their Work.

The best possible advice for millions of stomach sufferers, who have vainly tried medicines and fads on diet, is to try living for two months on one of the so-called "blood making" medicines alone, and then try food and see if it isn't the best medicine and that it is made effective by using Dr. Richards Dyspepsia Tablets. We feel sure you will be compensated after a fair and square trial.

Mr. J. W. Applegate, 250 Broad street, Newark, Ohio, says:
"The dyspepsia which had troubled me so long has been made to disappear entirely since using Dr. Richards Dyspepsia Tablets. I was in the worst condition possible, caused by this dread ailment. I suffered from acidity of the stomach and there were very few things I dared eat, knowing full well the tortures I would have to endure if I partook of anything the least heavy. Life was really a burden to me, but along came your tablets and having had my attention called to them at R. W. Smith's drug store, and after procuring them and

taking them according to directions, my whole system has been toned and invigorated and I thank you most heartily for all these benefits. I will recommend them at all times. Nothing better."

CURED AT 462 GRANVILLE STREET.

When the case is so bad that work has to be stopped it takes a remedy that attacks the very foundation of the trouble to restore health and normal conditions. This is the character of work done by Dr. Richards Dyspepsia Tablets, as the following illustrates:

A TIRED STOMACH RESTED.

Sleep, nature's sweet restorer, that knits up the raveled sleeve of care and rests tired bodies. What, however, can rest a tired stomach and bring to it again strength to perform its work smoothly. That great cure which has done so much for Newark, tired stomachs is the sweet restorer of a stomach weary from overwork. It is called Dr. Richards Dyspepsia Tablets and can be had at R. W. Smith's drug store. Mrs. Minnie Fenner, 139 Leroy street, says:

Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth street, New York City.

Gentlemen:—I cannot speak too strongly in praise of Dr. Richards Dyspepsia Tablets. About a month ago I got a bottle of these Tablets at R. W. Smith's drug store, and as soon as I began using them I noticed a marked improvement in my health. For almost two years I had been subject to frequent attacks of indigestion and had tried many remedies both in liquid and tablet form. My appetite was poor; felt distressed after eating, and had dizzy and fainting spells. I can honestly say after taking only three bottles of your remedy, I am entirely cured of all my old troubles and shall deem it a pleasure to speak to all my friends about this splendid remedy. I thank you very much for all the good they have done me and wish you much success in this locality.

Yours truly,

DYSPEPSIA'S DISTRESS.

How forlorn and useless one's life seems when the stomach refuses to digest and dread dyspepsia with all its evil train of nerve disorder, headache and heart palpitation, has sized you in its grasp. To restore such a stomach to its normal powers of healthy digestion is the peculiar positive action of Dr. Richards Dyspepsia Tablets. Cures without number attest the use of these Tablets; one of which is here given from your own home city.

"Gentlemen:—I cannot speak too strongly in praise of Dr. Richards Dyspepsia Tablets. I got a bottle of these Tablets at R. W. Smith's drug store about a month ago and since I began using this medicine I have noticed the most marked improvement in my health. I have been subject to severe attacks of indigestion for about two years and have tried most every remedy I heard of. Everything I ate seemed to distress me; my appetite was very poor and I suffered greatly from dizziness and fainting and was very miserable. I think I used to have the worst headaches of anybody that ever lived. I can truthfully say that after taking three bottles of Dr. Richards Dyspepsia Tablets I am entirely relieved of all my old troubles and shall take pleasure in speaking of my friends about this splendid remedy.

NOTHING LIKE IT FOR CURING NEWARK INDIGESTION.

Yes, it occurred right in your own city. Not in some other way off place. The sufferer had indigestion and lives at 192 North Fourth street. This is what she says:

Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth street, New York.

Gentlemen:—I can hardly believe myself to be the same person I was before getting a bottle of Dr. Richards Dyspepsia Tablets at R. W. Smith's. I had dyspepsia and stomach troubles in most disagreeable forms. The Tablets I believe are going to cure me.

THE DYSPEPSIA ERADICATOR—CAN THIS BE TRUE?—YES.

How do you know it is true? Did the people who sell it say so? No, the people who bought it said so. Who are they and where do they live? They are residents of Newark, where you live and you probably know some of them. Here is what one of many says:

Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth street, New York.

Gentlemen:—In my case your Tablets proved beneficial to me; done for me all they claimed, and I could recommend the Tablets to any one that is afflicted as I was. I purchased these Tablets at the drug store of R. W. Smith.

CURED IN NEWARK.

It has been tried in Newark and it is proven that what has been done in other countries and the islands of the sea has been done here.

Dyspepsia, indigestion and stomach troubles give way to Dr. Richards Dyspepsia Tablets wherever found.

Hope for all sufferers from these ailments can now be made glad facts at home.
Mrs. Wm. Rice, 182 1/2 East Main street, Newark, Ohio, says:
"Recently I procured a bottle of Dr. Richards Dyspepsia Tablets at R. W. Smith's drug store, and have given them a good trial and must say that they have benefited me wonderfully. I do not think there is any medicine their equal for stomach disturbances. They took hold of my case at once, in fact, so much so that they have entirely cured me. Your Tablets did what no other remedy could. They were truly a revelation, for I could not have believed that there was anything that could do what your remedy has done."

A NEWARK DYSPEPTIC ASTOUNDED BECAUSE CURED.

Miracles are happening which are beyond the comprehension of a finite mind. Some cures come under this head and astonish the one upon whom the cure has been worked. The fact, however, remains, that belief in Dr. Richards Dyspepsia Tablets is the result solely and entirely of cures. Here is the story of one of them which occurred right in Newark.

Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth street, New York.

Gentlemen:—A friend who knew how I suffered from dyspepsia went to R. W. Smith's drug store, four or five weeks ago and got me a bottle of Dr. Richards Dyspepsia Tablets. I started taking them with little or no faith, for I had tried many medicines before without success; but it is a fact, that my health began to improve almost at once. And, mind you, I was greatly troubled with sour stomach, and there were very few things that agreed with me at all. I also suffered much from constipation and had to use cathartics with great frequency. Dr. Richards Dyspepsia Tablets have made by troubles disappear and I am feeling as well as I ever did in my life. The constipation and bowel trouble has also been relieved with the use of the yellow pills that come with the Tablets.

ANOTHER NEWARK CHRONIC CURED OF DYSPEPSIA.

One Sufferer Less In Newark—No Regrets.

Before Dr. Richards Dyspepsia Tablets appeared in Newark there was a power of dyspeptics in the town, but now they are growing less every day. They are being cured and show it in their lives which are now so

much different and happy. What joy this one must feel after a diet of cereals for so long—he can eat anything now. And his strength is coming back to him every day.

C. M. Retherford must be mighty happy these days, for he says: "I was a victim to chronic dyspepsia for years, and at last had to live a great deal on cereals. My strength was reduced so that a little work would tire me completely. At times, also, I was dizzy and had heart palpitation. All symptoms have disappeared since I began taking Dr. Richards Dyspepsia Tablets, which I procured at R. W. Smith's drug store, and I am improving rapidly."

IS CERTAINLY NEXT-DOOR PROOF

Claims Are Easily Made, But Not Always Easily Proved, Unless There Is Real Merit.

OLD COMPLAINTS DISAPPEARED

Relief and Complete Cure Are Greatly Appreciated, as They Were Entirely Unexpected.

We like to furnish home evidence; to back up every statement with plenty of proof. Your own neighbors, after being benefited, tell you of their experience. This may be called next-door proof.

Mrs. D. Van Winkle, 332 West Church street, Newark, Ohio, says: "All of my old-time troubles have been made to disappear since I began taking Dr. Richards Dyspepsia Tablets, and my health has improved very much. In fact, I might say that they have put me in perfect condition. The relief and complete cure in my case, you can bet is greatly appreciated, for I never expected to derive results. I had been suffering for a long time from dyspepsia, and having heard of your remedy, I procured a package at R. W. Smith's drug store. The Laxocomfits have also relieved me of a bad case of constipation. My system has had a general overhauling through the combination of your remedies, and I have come out the victor. Thanks to your sterling remedy."

THE STOMACH DELIGHT.

Heart's delight is that which affects the life pleasantly. So it is with that which makes the stomach feel good, in fact, has the happy faculty of making you not know you have a stomach. To a dyspeptic this would be joy, indeed, for he, of all mankind, knows he has a stomach, and a disordered one at that. Dr. Richards Dyspepsia Tablets will make that stomach a delight instead of the opposite. They will do for him what they did for this Newark resident.

W. M. Donahue, 441 Woods avenue, Newark, Ohio, says:
"Recently I procured a bottle of Dr. Richards Dyspepsia Tablets at R. W. Smith's drug store, and have given them a good trial and must say that they have benefited me wonderfully. I do not think there is any medicine their equal for stomach disturbances. They took hold of my case at once, in fact, so much so, that they have greatly helped me. They were truly a revelation, for I could not have believed that there was anything that could do what your remedy has done. I speak of your Tablets wherever I go, and always shall, for I think a good thing should always be praised."

NO SIGN NOW OF NERVOUS HEADACHES.

Whoever has suffered from one of those severe nervous headaches can read the statement given below and find the same relief as Mrs. T. M. Mullinix, 368 Stanbury street, obtained. All that is needed is a trial of Dr. Richards Dyspepsia Tablets. They possess marvelous curative powers.

Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth street, New York.

"Gentlemen:—Up to two months ago, before I began taking Dr. Richards Dyspepsia Tablets, I suffered greatly from nervous dyspepsia and severe headaches. I got so used to have these headaches two or three times a week I was almost distracted. The medicine I took did not seem to do me any good. I heard Dr. Richards Dyspepsia Tablets spoken of very highly, and I got a bottle at R. W. Smith's drug store. I have taken four bottles of these little tablets and have not had a sign of a headache for a month. My appetite is good; that old nervous feeling has gone, and I am at last feeling like myself again, thanks to Dr. Richards Dyspepsia Tablets.

CHRONIC CASES CURED IN NEWARK.

It is easy enough to be pleasant when life goes on like a song, but life's songs are all dirges to a chronic dyspeptic. Talk is cheap—facts alone satisfy such conditions. Dr. Richards Dyspepsia Tablets are the vital facts of cure in such cases, and the proofs are right in your own city, as the following illustrates:

Mrs. M. Nagy, of 28 North Williams street, Newark, says. I went to R. W. Smith's store a few weeks ago and procured a bottle of Dr. Richards Dyspepsia Tablets. I had been afflicted for a long time with dyspepsia and could eat only the lightest food. I was hungry all the time, but did not dare to satisfy my craving. At times I would grow faint and it was difficult to keep from falling, the least exertion played me out entirely. Very nervous. As I said before, I got your medicine and took it according to directions, with the result that I improved so rapidly that I am astonished, for I could not believe such a thing possible. I have not been bothered since I began your treatment, and I can only praise and wish you success for your remedy. Dr. Richards Dyspepsia Tablets, 50c a bottle.

DYSPEPTICS.

Sufferers From Indigestion, Dyspepsia and Constipation, Have Not Only Black Fridays, But About Every Day In the Seven is of That Funeral Hue.

Consequently they do not enjoy life. They do not laugh very often. They are to be pitied and if possible, helped. The greatest help to them would be a cure. How life puts on a new color scheme to such victims is demonstrated by the use of Dr. Richards Dyspepsia Tablets. Read the evidence.

Mr. James K. Jennings, 63 Wilson street, Newark, Ohio, says:

"My digestion was bad, so much so, I lived entirely on cereals. I was losing flesh daily. My heart worried me a great deal on account of the fluttering which was caused by the least excitement and I would get so dizzy I would have to take hold of something to keep from falling, but since I came across Dr. Richards Dyspepsia Tablets at R. W. Smith's drug store, and after taking them for the past few weeks, I am really astonished at their results. They have put my health on a sound basis, and I feel no longer any of those symptoms of which I had suffered previously and I give your remedy the credit. They are the best that ever came under my observation."

TEN YEARS OF DYSPEPSIA CURED IN NEWARK.

One-third of a life-time suffering the tortures of dyspepsia. Lived on breakfast foods. Did not enjoy Christmas dinners for ten years. Now astonishment has taken the place of his dyspepsia, because he is cured. Ask Martin Thacker, 94 Jefferson street, about Dr. Richards Dyspepsia Tablets, or you can ask R. W. Smith about them.

Dr. Richards Dyspepsia Tablet Association, 53 and 55 Worth street, New York.

Gentlemen:—I suffered from chronic dyspepsia for ten years and finally got so that I had to live almost entirely on cereals for I could hardly digest anything else. I was losing flesh every day and knew that I could not live unless I could get relief soon. The simplest work would exhaust me and any slight excitement would make my heart beat like mad. At times I got so dizzy that I had to take hold of a chair to keep from falling.

I went to R. W. Smith's drug store some weeks ago, got a bottle of Dr. Richards Dyspepsia Tablets and began taking them. With the continued use of these tablets I am improving so rapidly that I am actually astonished and would not believe such thing could be possible if I did not see it happen in my own case.

WEAK FROM DYSPEPSIA.

Made Strong—How?

The trouble with dyspepsia is it affects the whole system, weakening the vital forces so as to make one lethargic and averse to activity. To cure these conditions by removing the cause is the peculiar province of Dr. Richards Dyspepsia Tablets, as the following illustration Miss Nancy Adams, 87 North Williams street, writes us:

"I was weak and run down when I began to take your medicine, which I got at R. W. Smith's drug store. I had lost weight and my work was interrupted by my condition. Happy am I to say all that has passed away. Thanks to the use of Dr. Richards Dyspepsia Tablets."
